ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed December 27, 1976 is inadequate in that the record of the previous variance is not stipulated into this cause. In addition, updated information is lacking as to whether the housing is still needed and to what extent; the full cost of the project; the type of buildings involved (whether pre-fabricated or constructed on-site); the nature of commitments made to the construction; the effect upon the receiving stream of this variance if allowed; and the exact timetable for the expansion of the Fairfield sewage treatment plant.

The Petitioner shall amend the Petition within 45 days from the date of this Order to provide the information requested above. Failure to timely file this information shall make the Petition liable to dismissal for inadequacy. The 90-day decision period set by statute shall run from the date of filing the Amended Petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 6th day of January, 1977 by a vote of 4-0.
