ORDER OF THE BOARD (by Mr. Goodman):

This matter comes before the Board upon Motion for Modification of Order by the Respondent-Petitioner, the Illinois Nitrogen Corporation. The Board finds that the Opinion and Order of the Board of the above-captioned case dated June 26, 1975, correctly reflects the stipulation and proposed settlement as filed by the parties in the case. However, the Board agrees that the new paragraph proposed by Respondent-Petitioner, in lieu of the existing paragraph One of the Board's Order, more fully sets forth the facts as found by the Board in its Opinion.

Paragraph One of the Board's Order of June 26, 1975, is hereby amended to read as follows:

Illinois Nitrogen Corporation is found to have operated its ammonium nitrate prilling tower in violation of Rule 203 of the Illinois Air Pollution Regulations and that part of Section 9(a) of the Act which prohibits violations of Regulations or standards adopted by the Board. Illinois Nitrogen is further found to have operated its ammonium nitrate prilling tower without a permit in violation of Rule 103(b) of the Illinois Air Pollution Regulations and is ordered to pay a penalty of \$2500.00 for said violation, payment to be made by certified check or money order, payable to the State of Illinois, Environmental Protection Agency, Fiscal Services Division, 2200 Churchill Road, Springfield, Illinois 62706, payment to be made within 35 days of the adoption of this Order.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 7<sup>th</sup> day of August, 1975 by a vote of 5-0.
