ORDER OF THE BOARD (by Mr. Marder)

Petition for variance filed by the Village of Freeburg on June 3, 1974, is inadequate in that it does not give the 1973 experience in actual copper levels resulting at the raw water intake. Such information is required.

Petitioner shall also supply data giving actual levels of copper concentration in its water distribution system after copper sulphate dosing, if available.

Petitioner shall file the above required information within 45 days of the issuance of this Order. Failure to so file shall result in dismissal for inadequacy. Such filing shall be deemed an amendment to the Petition.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted by the Board on the 6th day of June, 1974, by a vote of 4 to 0.
