

BOARD APPROVES AMENDMENT IN R72-18

The Board on June 15, 1973 in R72-18 modified the proposed final draft and then adopted it, thereby amending the Air Pollution Control Regulations. The proposed final draft published in Newsletter #65 was modified by adding language which will assure that grain handling and conditioning operations need not comply with the emission regulations until after the new deadline for obtaining an operating permit. The full Amendment is set out below:

Rule 103: Permits

(b) Operating Permits

(2) Existing Emission Sources:

(A) Source Classification:

SOURCE CLASSIFICATION	DATE OPERATING PERMIT REQUIRED
Grain handling and conditioning operations	by September 1, 1974

Rule 201 Definitions

GRAIN HANDLING AND CONDITIONING OPERATION A grain storage facility and its associate grain transfer, cleaning, drying, grinding, and mixing operations.

Rule 203(i)

(6) Notwithstanding the other dates specified in this Rule, grain handling and conditioning operations shall comply with the requirements of Rule 203 by May 30, 1975.
