INTERIM ORDER OF THE BOARD (by Mr. Zeitlin):

A Stipulation and Proposed Settlement (Stipulation) was filed by the parties to this matter on July 20, 1976. Without detailing all of its provisions, the Stipulation provides for certain noise abatement work to be undertaken by Respondent to correct violations admitted in the Stipulation for Purposes of Settlement; the question of whether a penalty is warranted has also been left to the Board.

The abatement work to be undertaken by Respondent was to have been accomplished by September 1, 1976, a date already past. To assist the Board in determining the acceptability of the Stipulation, and the need (if any) for a penalty, measurement of the results of Respondent's abatement work is needed. To provide the necessary information, Complainant shall be given forty-five (45) days to provide the results of sound measurements reflecting Respondent's abatement work.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above final Interim Order was adopted on the 2nd day of September, 1976, by a vote of 5-0.
