## ILLINOIS POLLUTION CONTROL BOARD May 8, 1975

WESTERN ILLINOIS POWER COOPERATIVE,	INC.,	)	
Petitioner,		)	
vs.		) PCB	75-192
ENVIRONMENTAL PROTECTION AGENCY,		)	
Respondent.		)	

ORDER FOR MORE INFORMATION (by Mr. Henss):

Petitioner is ordered to supply such additional information as may be required by the recent United States Supreme Court decision, Train, Administrator, etc. vs. Natural Resources Defense Council, et al (No. 73-1742) for the grant of a variance beyond July 31, 1975. There should be some statement, testimony or data in the record from which the Board could determine whether the grant of a variance would interfere with the attainment or maintenance of national ambient air quality standards. The Board notes that ambient air quality in the vicinity of the Pearl facility was found to be within Federal ambient air quality standards for particulates and SO<sub>2</sub> (PCB 72-441). However, the Board will now need current and specific information on that issue.

The additional information shall be submitted within 30 days of the date of this Order.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the day of May, 1975 by a vote of

Christan L. Moffett, Clerk
Illinois Pollution Control Board
