ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed September 24, 1975 is inadequate in that it does not tell whether the "sewer ban" is the result of an overloaded sewer or an inadequate treatment plant. If it is an inadequate sewer, the program of correction of the sewer capacity should be detailed. In addition, the alternative of using holding tanks to prevent basement flooding, if present, should be explored.

The hardship if the variance is not granted should be explained at greater length giving the dates and amounts of damage caused by vandalism.

Petitioner shall amend its Petition within 35 days from the date of this Order to provide the needed information. A waiver of the 90-day decision period set by statute shall also be filed for the period elapsing until the Amended Petition is received. Failure to timely file the Amended Petition shall make it liable to dismissal for inadequacy.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 2977 day of _________, 1975 by a vote of 4-0
