

ILLINOIS POLLUTION CONTROL BOARD  
September 26, 1972

VILLAGE OF BRADFORD )  
 )  
 ) #72-337  
 v. )  
 )  
 ENVIRONMENTAL PROTECTION AGENCY )

ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.)

Petition for variance was filed by the Village of Bradford on October 11, 1972, seeking relief from Rule 405 of the Water Pollution Regulations relative to construction of temporary chlorination facilities pending the completion of additions and improvements to its sewage treatment plant. By our order of August 15, 1972, we found the petition inadequate and directed the submission of additional facts, particularly with respect to the feasibility and cost of temporary chlorination facilities and their effects upon the receiving stream.

On September 14, we received a letter from the Village President stating that the Village was proceeding immediately with temporary chlorination facilities and that plans would be submitted for our approval. Since the facility the Village now proposes to construct is the one relative to which the variance was sought, the petition for variance is dismissed as moot.

IT IS SO ORDERED.

I, Christian Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on the 26 day of September, 1972, by a vote of 3 to 0.
