ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed May 27, 1975 is inadequate in that no statement is given as to the effects, if any, upon Crab Orchard Lake, if the requested variance is granted. The Board would wish to know, as a minimum, whether or not algae blooms occur upon Crab Orchard Lake; the type or types of algae; the severity of the blooms; and their effect upon the dissolved oxygen and benthic organisms of the Lake.

Furthermore, the alternative of discharging to the Saline Watershed is not estimated as to its cost.

Petitioner shall amend its Petition within 45 days to provide the information indicated above. Failure to timely file the needed information shall make the petition liable to dismissal for inadequacy. The 90-day decision period set by statute shall run from the date of filing the amended petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 29th day of May, 1975 by a vote of 5-0.
