

ILLINOIS POLLUTION CONTROL BOARD
March 15, 1973

JAMES CLARK)
)
) #73-38
 v.)
)
 ENVIRONMENTAL PROTECTION AGENCY)

OPINION AND ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

Petition was filed by James Clark seeking variance of our order entered in League of Women Voters v. North Shore Sanitary District, ##70-7, 12, 13 and 14 (March 7, 1971) 1 PCB 369, to enable a sewer tie-in from his property to facilities tributary to the Clavey Road sewage treatment plant, based upon inadequacies of his septic system. The Board has previously granted variances under such circumstances.

We have received a communication from the Lake County Health Department indicating the unsatisfactory condition of the septic field and the possible health implications if the situation is not corrected. We believe the grant of the variance to be warranted and it is so ordered. See Winsor v. Environmental Protection Agency, #71-334 (November 23, 1971) 3 PCB 174A; Robert J. Bartell v. Environmental Protection Agency, #72-382 (October 17, 1972) 5 PCB 719.

IT IS THE ORDER of the Pollution Control Board that variance be granted to James Clark to enable connection of his property in Rockland Manor Subdivision to the facility tributary to the Clavey Road sewage treatment plant.

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Opinion and Order was adopted on the 15th day of March, 1973, by a vote of 3 to 0.

Christan J. Moffett
