ORDER OF THE BOARD (by Mr. Henss)

Petitioner is operating its plant under the terms of a variance which will expire April 6, 1974. The variance which was first granted in PCB 73-140 contemplates extension from time to time while a control program is installed. The extension of variance depends on the evidence adduced at each such request.

Alton Box filed a petition for variance extension on January 2, 1974. The Agency objected to the variance extension and requested a hearing. The hearing was ordered.

Petitioner now requests an interim variance until June 20, 1974 in order to determine the issues and present a full record. We have not been furnished with proof that our hearing schedule cannot be met and will therefore deny the motion for interim variance and require that the parties proceed to hearing as scheduled.

Motion for interim variance is denied.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted this 28<sup>th</sup> day of February, 1974 by a vote of 5 to 0.
