FOR AN ADJUSTED STANDARD FROM) (Adjusted Standard - Air)
35 ILL. ADM. CODE 218 SUBPART DD)

ORDER OF THE BOARD (by J. Theodore Meyer):

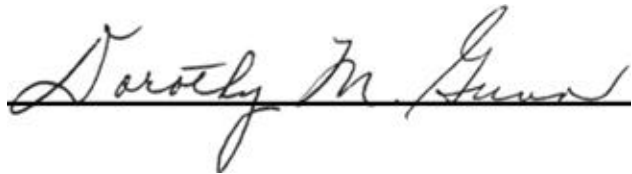

This matter has been stayed for various reasons since shortly after its filing, the most recent reason being that the parties have been awaiting approval from the United States Environmental Protection Agency of the Board's rulemaking in the matter of 15% ROP Plan Control Measures for VOM Emissions-Part IV (April 20, 1995), R94-21, regarding an amendment to 35 Ill. Adm. Code 218 Subpart DD, and a revision to Illinois' State Implementation Plan.

The last order of the Board extending the stay was issued on January 9, 1997, and directed the parties to file status reports on or before March 17, 1997, the stay's expiration date. The parties have neither filed the reports as ordered, nor made any other filings in this matter.

The parties are directed to file status reports on or before November 3, 1997. If status reports are not timely received, this petition will be subject to dismissal.
