OPINION AND ORDER OF THE BOARD (by Mr. Dumelle)

Petition was filed April 12 asking a variance from Rule 3-3.112 of the Air Regulations "in the event boilers #4, 5, 6, and 7, or any of them, fail as a result of the tests to meet the current particulate emission standards" (Pet. p. 3).

Since no violation of standards is yet proven the petition is premature. The Village of Winnetka may file again after its particulate tests are completed by May 31, 1973.

The variance petition is dismissed as being premature without prejudice.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Opinion and Order were adopted on the 17<sup>th</sup> day of April, 1973 by a vote of 3-0.
