Preliminary Order of the Board (by Mr. Currie):

Mr. Steck petitions for a variance to allow connection of a new home to a water main of the McHenry Shores Water Co., which we have found out of compliance with applicable regulations. The petition does not inform us as to the status of construction of the date of our order with respect to the water company, and we have found that status important in past cases requesting similar relief. E.g., Beran v. EPA, #72-399, 5 PCB (Nov. 14, 1972). We shall allow 21 days for the submission of additional information. It is so ordered.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Preliminary Order this 28th day of November, 1972, by a vote of 5-0.
