ORDER OF THE BOARD (by Mr. Seaman):

On May 9, 1974, the parties to the above-captioned cause, by stipulation, moved that the cause be continued for hearing.

The operating permit application which is the subject of this proceeding was denied by the Environmental Protection Agency because Petitioner's sulfuric acid pickling tank in department 422 may not be in compliance with Rule 204(f)(2) of Chapter 2, Part II, PCB Regs.

The Respondent Environmental Protection Agency has proposed an amendment to said rule, which, if accepted by the Illinois Pollution Control Board, may directly affect the outcome of this litigation.

This cause is continued for a hearing until such time as the amendment is adopted or refused by the Illinois Pollution Control Board.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on this 27<sup>th</sup> day of May, 1974 by a vote of 5-0.
