Opinion & Order of the Board (by Mr. Currie):

This petition asked until the end of July, 1972 for disinfection of the effluent from a meat packing lagoon. The Agency's recommendation having raised serious doubts as to the underlying facts upon which the petition was based in regard to possible diversion of the waste for municipal treatment, we allowed until August 1 for submission of additional information or a revised petition. August 1 has passed without further word from the petitioner; the petition requested a variance only until the end of July and is therefore dismissed as moot. Moreover, it does not allege facts sufficient to comply with our procedural rules.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion & Order this 28th day of August, 1972, by a vote of 5-0.
