

ILLINOIS POLLUTION CONTROL BOARD
August 22, 1972

NATIONAL STARCH AND CHEMICAL CORP.)	
)	
)	
v.)	#72-282
)	
)	
ENVIRONMENTAL PROTECTION AGENCY)	

Opinion & Order of the Board (by Mr. Currie):

On October 14, 1971, we granted National Starch a variance from the applicable BOD and suspended solids while constructing additional treatment facilities, on several conditions including a money penalty for past delays. The opinion and order contemplated that the construction program would be completed by the end of 1972, but because the statute requires annual re-approval of variance programs the variance was granted only until October 1, 1972, with leave to apply for reapproval upon a showing of satisfactory progress. National Starch & Chemical Co., #71-83 (Oct. 14, 1972).

The present petition reports that all conditions of the order have been met and that construction is proceeding on schedule. The Agency's recommendation confirms these allegations. As originally contemplated, therefore, we hereby extend the variance granted in #71-83 to December 31, 1972.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion & Order of the Board this 22nd day of August, 1972, by a vote of 5 - 0.

Christan J. Moffett
