ORDER OF THE BOARD (by Mr. Dumelle)

Petition filed August 13, 1973 is inadequate under Board  
Procedural Rule No. 401(a)(2) which requires in part

a concise statement...including a description  
of the costs that compliance would impose on  
the petitioner and others and of the injury  
that the grant of the variance would impose on  
the public...

No statements are given as to the effects of the discharge  
of lead (from which variance is sought) upon the receiving stream  
which appears to be the North Skokie Drainage Ditch.

We do not know whether water quality standards are violated  
in the stream by this discharge and what, if any, are the effects  
of it upon aquatic life.

Petitioner is ordered to file an amended petition providing  
the needed information within 35 days from this date.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution  
Control Board, hereby certify the above Order was adopted on the  
23<sup>rd</sup> day of August, 1973 by a vote of 3-0.

  
Christan L. Moffett, Clerk  
Illinois Pollution Control Board
