

ILLINOIS POLLUTION CONTROL BOARD
June 27, 1972

PATRICIA HINSE)
d/b/a ALADDIN FLOWER SHOP)
v.) PCB 72-263
ENVIRONMENTAL PROTECTION AGENCY)

OPINION OF THE BOARD (by Mr. Kissel):

Patricia Hinse d/b/a Aladdin Flower Shop ("Aladdin") has applied for a variance from the sewer connection ban in the North Shore Sanitary District. She asks for permission to connect a new flower shop to the District's sewer system.

The request for variance does not have the information needed for the Board to make a decision and we therefore request the parties to submit the following:

1. Aladdin or the Agency should advise the Board which of the District's plants would receive the effluent from the Aladdin Flower Shop;
2. the Agency should advise the Board whether the sewer line which would receive the effluent is overloaded;
3. Aladdin should inform the Board of the present status of its plans for constructing a new building;
4. Aladdin should inform the Board when the new building would be completed and ready for occupancy;
5. Aladdin should indicate the amount and type of wastes it is presently discharging and whether the wastes from the new building will be of a similar nature and amount;

6. Aladdin should indicate whether it anticipates that its present place of business will be torn down or re-occupied when Aladdin moves into its new building; and
7. the Agency should file its recommendation with the Board.

The parties should respond to the Board's request within twenty (20) days of the date of receipt of this order.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this 27th day of June, 1972, by a vote of 5-0.
