

ILLINOIS POLLUTION CONTROL BOARD
February 22, 1972

TENNIS DEVELOPMENT, INC.)
)
) PCB 72-59
)
ENVIRONMENTAL PROTECTION AGENCY)

OPINION OF THE BOARD (by Mr. Richard J. Kissel):

Tennis Development, Inc. requests a variance from Paragraph Seven of the Board Order of March 31, 1971 in the case of League of Women Voters v. North Shore Sanitary District, PCB 70-7, 12, 13 and 14. Tennis Development seeks to construct an indoor tennis building on Lot 12 in the North Shore Industrial and Research Centre, Lake Bluff.

The variance petition is uninformative as to the type of facilities to be installed within the building and as to the persons who will be using such facilities. This case may well fall within the ambit of the precedent established in Waukegan Park District v. Environmental Protection Agency, PCB 71-314, 71-342 wherein the Board held that since the persons using the facilities would be the same persons as are living in the District the sewage load would be substantially unaffected by allowing the additional connections.

In the interest of expedition, we will not dismiss this case but will hold it for disposition upon the filing of the supplemental information requested herein. Such information shall be submitted to the Board within twenty (20) days of the entry of this order.

I, Christan L. Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this 22nd of February, 1972 by a vote of 5-0.

Christan L. Moffett
