INTERIM ORDER OF THE BOARD (by Dr. Odell)

Petitioner is ordered to supply such additional information as may be required by the United States Supreme Court decision, Train v. Natural Resources Defense Council, 43 LW 4467 (April 15, 1975) for the consideration of a variance beyond July 31, 1975. There should be testimony or data in the record from which the Board could determine whether the grant of a variance would interfere with the attainment or maintenance of national ambient air quality standards in the area affected by the Petitioner's facility.

Petitioner shall amend the petition within thirty (30) days to provide the needed information concerning air quality. Failure to timely file the information shall make the petition subject to dismissal for inadequacy. The 90-day decision period set by statute shall run from the date of filing the additional information.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Interim Order was adopted on the 6th day of June, 1975, by a vote of 5-0.
