ORDER OF THE BOARD (by J. Anderson):

On July 3, 1990, the Board issued an Order directing Modine Manufacturing Company, Inc. ("Modine") to inform the Board of the effect of its determination in R87-36 on the scope of relief requested in this proceeding. Such information was to be filed with the Board on or before July 27, 1990. On July 27, 1990, Modine filed a Motion for Additional Time, requesting a two week extension of time to respond to the Board's July 3, 1990 Order. In support of its motion, Modine states that, in an attempt to prepare a response, it has consulted with the Illinois Environmental Protection Agency ("Agency") and that discussions are ongoing. Modine also states that the Agency permit engineer who is drafting a revised NPDES permit in response to the grant of site-specific relief in R87-36 is on vacation, and that the Agency has no objection to Modine's request for additional time. Based on the foregoing, the Board grants Modine's Motion for Additional Time, and directs Modine to file its response to the Board's July 3, 1990 Order on or before August 13, 1990.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 9th day of August, 1990, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
