ORDER OF THE BOARD (by B. Forcade):

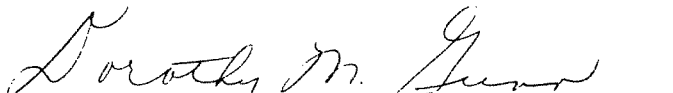

This matter is before the Board on the May 26, 1988 Motion for Reconsideration or Request for Hearing of Overnite Transportation Company (hereinafter "Overnite"), as supplemented June 13, 1988. That motion seeks reconsideration of the Board's April 21, 1988 Opinion and Order requiring Overnite to complete two phases of noise emissions mitigation measures recommended in the June 16, 1986 and July 3, 1986 reports by ETA, Inc., a consulting firm retained by Overnite. The Board thereby defers action on the motion for reconsideration and the alternative request for hearing for 30 days to provide an opportunity for the complainants to respond.

Overnite fails to provide any additional information not previously considered by this Board. Contrary to Overnite's assertions, the Board did not require "additional noise reduction procedures" by its April 21, 1988 Opinion and Order. Rather, that order merely required Overnite to adopt the recommendations of its consulting engineers, ETA, Inc., as originally mandated by the Board's January 8, 1987 Interim Order.

The Board expressly notifies the Complainants that their inaction might result in the reconsideration of this Board's prior orders.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 16<sup>th</sup> day of June, 1988, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk
