SUBJECT: LPC # 1350305046 - Montgomery County
Hillsboro/Vernish, Lance
FOS File

An open dump inspection was conducted in Hillsboro, Illinois on December 29, 2003 due to tires and debris that was noticed while traveling on Larkin Street on December 23, 2003.

The site is located at 1031 East Seward Street in the City of Hillsboro, Illinois. The property is owned by Ms. Christine Vernish per attached Quit Claim Deed. The mailing address for Ms. Vernish is 13376 Illinois Route 16, Irving, IL 62051. The operator and apparent generator of the waste at the site is Mr. Lance Vernish, son of Ms. Christine Vernish.

Background:

Previous inspections of the site were conducted on March 18, 2002, May 28, 2002, July 10, 2002, and August 13, 2002. An Administrative Citation Warning Notice (ACWN) was sent to both Mr. Lance Vernish and Ms. Christine Vernish on March 21, 2002. During these previous inspections the property was in the name of Ms. Christine Vernish. The operator of the site and generator of the waste was Mr. Lance Vernish. Compliance to the ACWN was achieved but only after several visits to the site was made.

Mr. Lance Vernish has also generated waste at another Vernish property located in Irving, Illinois which is known as the Irving Twp./Vernish, Christine site LPC # 1368085005 and is owned by Ms. Christine Vernish. Open dump inspections were conducted at this site on August 10, 2001, October 18, 2001, December 28, 2001, February 7, 2002, and most recently on September 3, 2003, October 8, 2003, and October 30, 2003. ACWN's concerning this site were sent to Ms. Christine Vernish on August 13, 2001 and Christine and Lance Vernish on September 5, 2003. Compliance to both ACWN's was achieved but only after several visits to the site was made.

Site Inspection:

I arrived at the site at 1:25 p.m. The temperature was about 42°F with clear skies. The wind was coming from the west and the soil condition was wet. No one was met at the site during the inspection. The property appeared to be vacant.

Observed at the south side of the house (front) along Seward Street was scattered debris consisting of construction/demolition debris, a disassembled crib, and one tire (photo 001). Located north of the house was a garage that appeared to be in poor condition (photo 002). Observed around the garage were several open dumped items that consisted of an estimated 65 used or waste tires both on and off rims, scrap metal, dimensional lumber, general construction/demolition debris, a lead acid battery, and automotive fuel tanks (see remaining photos and site sketch).

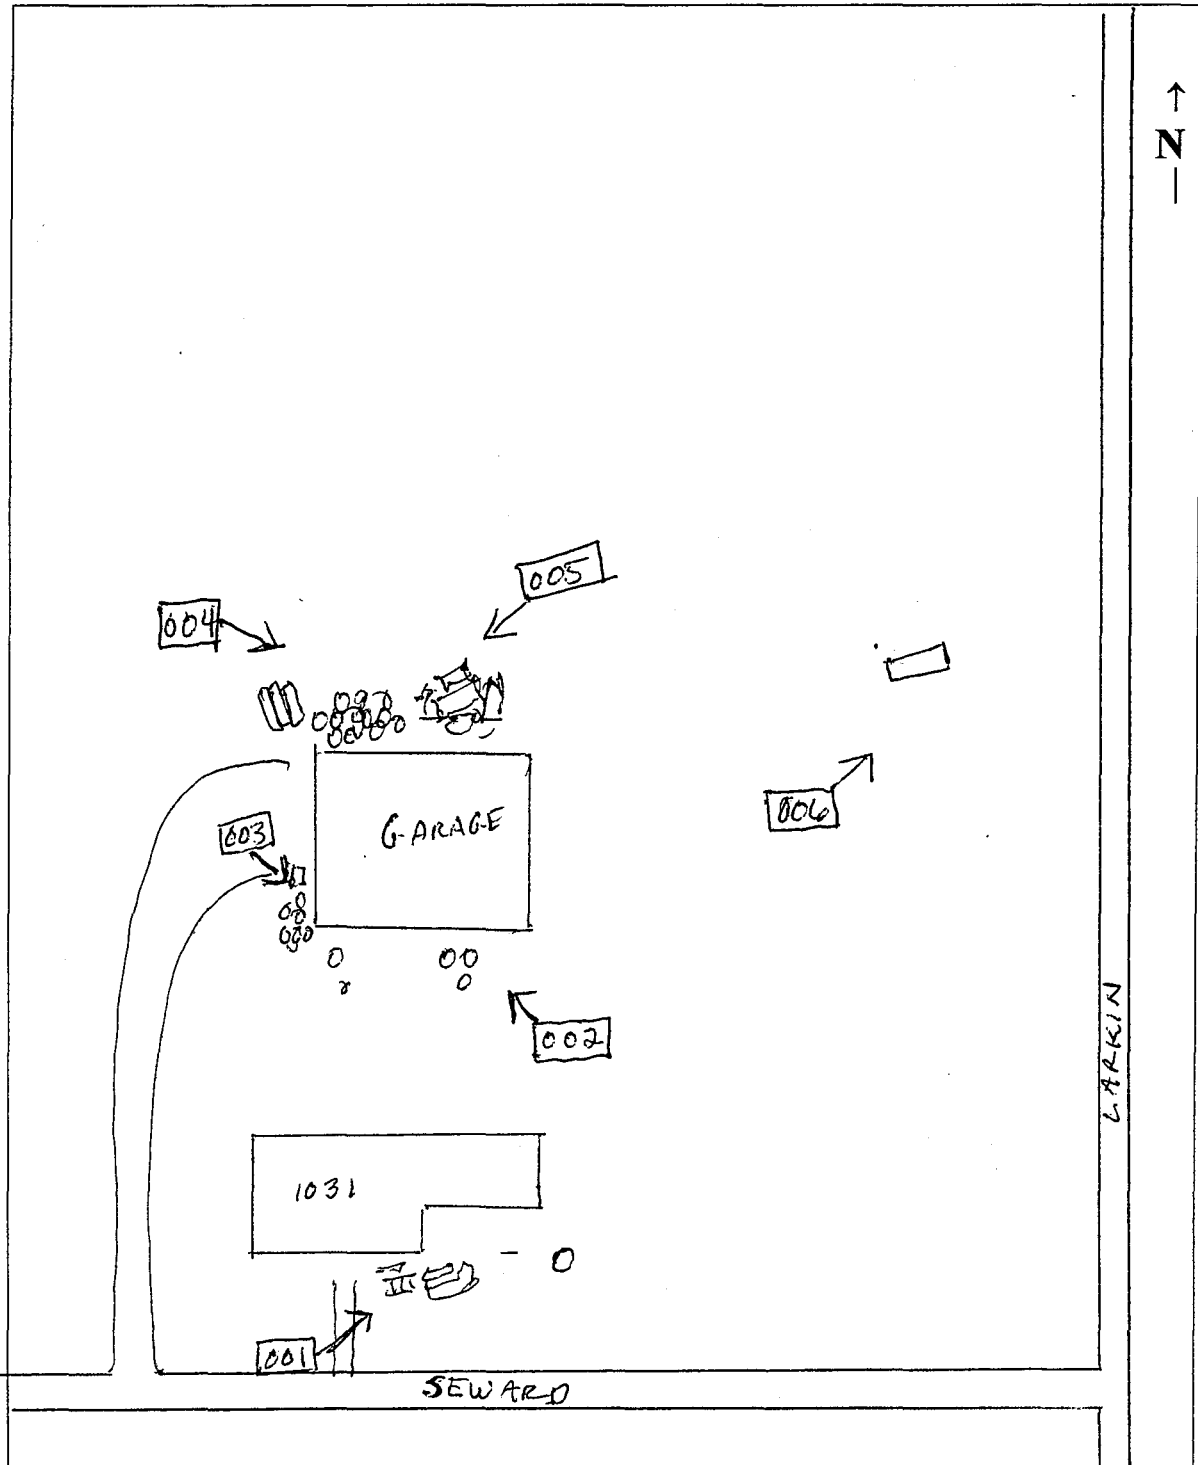

I left the site at 1:40 p.m.

See attached Open Dump Checklist for apparent violations.
