Re: Letter of Support for Denial
of Mr. Lowe's Application for a
Waste Transfer Facility.

We find it unbelievable Mr.
Lowe would even consider such
an operation at this small location.

Most specifically because of effect on:

- (1) near "The Hollows"
- (2) Established & new residential areas
- (3) Air Pollution & heavy traffic.

If Mr. Lowe was one of the
property owners, would he appreciate
this unhealthy and noisy operation
bordering his residence?
