ORDER OF THE BOARD (by T.E. Johnson):

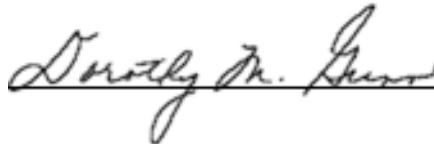

On August 27, 2003, Randall Industries, Inc. (Randall Industries), filed a petition for review of an Illinois Environmental Protection Agency (Agency) decision approving the site classification work plan budget, with modifications, for Randall Industries' leaking underground petroleum storage tank facility located at 741 South Route 83, Elmhurst, DuPage County.

On September 18, 2003, the Board issued an order finding the petition deficient, and directing Randall Industries to amend its petition for review to include its grounds for appeal within 30 days, or be subject to dismissal. *See Randall Industries v. IEPA*, PCB 03-219 (Sept. 18, 2003). The Board also directed Randall Industries to retain an attorney prior to filing an amended petition for review. *Id.*

To date, Randall Industries has not filed an amended petition for review, nor has an attorney filed an appearance on Randall Industries' behalf. Accordingly, this case is dismissed and the docket is closed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on November 6, 2003, by a vote of 6-0.
