RE: Case PCB-03-235
United Disposal Transfer Station

Ladies and Gentlemen:

We are writing you this letter in connection with the Pollution Control Board matter that is referenced above and concerns the permitting of the United Disposal Transfer Station located in Bradley, Illinois.

We would like to express our view that this facility is an important community resource. In fact, it is vital to the cost-effective management of locally generated solid waste, both residential and commercial and industrial. This will be even more pertinent given the pending closure of Kankakee County's only landfill, Kankakee RDF.

We would like you to consider this view during your deliberations about the future of the United facility.

Thank you for your time and attention to this matter.

Sincerely,

Donald E. Green
Mayor
