NARRATIVE

On May 6, 2004 an inspection was conducted from 10:30 a.m. until 11:00 a.m. at the Williams Property by R. Eugene Figge (this author) of DLPC/FOS - Peoria. The used tire notification form has not been submitted. The annual fee has not been paid. The Williams had previously participated in a Consensual Removal Agreement.

The site remained in much the same condition as it had been in during the January 7, 2004 inspection. Approximately 150 used tires were observed accumulated on the property, as shown in photograph 1. The tires had not been prevented from accumulating water, as shown in photographs 2, 9, and 10. Evidence of open dumping and open burning of general refuse was also observed, as shown in photographs 3 through 6.

The used tires were sampled to determine if mosquito larvae were present. Sampling of the tires revealed the presence of larval mosquitoes of the Culex genus. Pupae collected from the site were incubated to adulthood. The adult mosquitoes were confirmed as being of the Culex genus. Culex is the primary carrier West Nile Virus. The accumulation of used tires was again treated with 5% Abate to control the mosquito population for approximately 30 days.

Mrs. Williams stated that her husband had accumulated the used tires and that now that he is in a nursing home no more used tires will be accumulated on the property. She also stated that she plans on taking the tires to the Knox County Collection on June 25 and 26, 2004. The author again explained that since they have already participated in one Agency sponsored cleanup they are not eligible t for participation in another.

The following apparent violations were indicated on the inspection checklist:

1. Pursuant to Section 9(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(a)), no person shall cause or threaten or allow the discharge or emission of any contaminant into the environment in any State so as to cause or tend to cause air pollution in Illinois, either alone or in combination with contaminants from other sources, or so as to violate regulations or standards adopted by the Board under this Act.

A violation of Section 9(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(a)) is alleged for the following reason: **Evidence of open burning was observed during the inspection that indicated that Ralph and Lois Williams as owners had caused or tended to cause open burning which would cause or tend to cause air pollution in Illinois.**

2. Pursuant to Section 9(c) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(c)), no person shall cause or allow the open burning of refuse, conduct any salvage operation by open burning, or cause or allow the burning of any refuse in any chamber not specifically designed for the purpose and approved by the Agency pursuant to regulations adopted by the Board under this Act; except that the Board may adopt regulations permitting open burning of refuse in certain cases upon a finding that no harm will result from such burning, or that any alternative method of disposing of such refuse would create a safety hazard so extreme as to justify the pollution that would result from such burning.

A violation of Section 9(c) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(c)) is alleged for the following reason: **Evidence of open burning was observed during the inspection that indicated Ralph and Lois Williams as owners had caused or allowed open burning.**

3. Pursuant to Section 21(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(a)), no person shall cause or allow the open dumping of any waste.

4. Pursuant to Section 21(d)(1) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(d)(1)), no person shall conduct any waste-storage, waste-treatment, or waste-disposal operation without a permit granted by the Agency or in violation of any conditions imposed by such permit.

A violation of Section 21(d)(1) is alleged for the following reason: **Ralph and Lois Williams as owners had allowed waste to be disposed without a permit granted by the Illinois EPA.**

5. Pursuant to Section 21(d)(2) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(d)(2)), no person shall conduct any waste-storage, waste-treatment, or waste-disposal operation in violation of any regulations or standards adopted by the Board under this Act..
