RE: Jo'Lyn Corp/Falcon Waste & Recycling, Inc.
Petition for Adjusted Standard
AS 04-02

Ms. Gunn;

We are writing to support the adjusted standard petition submitted by Jo'Lyn/Falcon named above.

They are using granulated bituminous shingle material from shingle manufacturers to make a product, Eclipse Dust Control, to pave driveways, paths, parking and feed lots.

Granulated bituminous shingle material is a clean material left over from the shingle manufacturing process. It is not post consumer or from shingle tear-off.

We have a driveway made of this material and it has performed well for several years.

We urge the Illinois Pollution Control Board to grant their petition for adjusted standard.

Sincerely,

Roy Hunt, President
