

ILLINOIS POLLUTION CONTROL BOARD
March 3, 2005

IN THE MATTER OF:)
)
RCRA SUBTITLE C UPDATE, USEPA) R05-2
AMENDMENTS (January 1, 2004 through) (Identical-in-Substance
June 30, 2004 and October 25, 2004)) Rulemaking - Land)

Adopted Rule. Final Order.

OPINION OF THE BOARD (by G.T. Girard):

SUMMARY OF TODAY'S ACTION

This identical-in-substance rulemaking updates the Illinois hazardous waste regulations to incorporate revisions to the federal regulations. The United States Environmental Protection Agency (USEPA) undertook the federal amendments that prompted this action during the period of January 1, 2004 through June 30, 2004 and on October 25, 2004. This proceeding adopts amendments to 35 Ill. Adm. Code 721 and 739. These amendments also make a series of non-substantive corrections and stylistic revisions to segments of the text of 35 Ill. Adm. Code 739 that are not otherwise affected by the covered federal amendments.

Sections 7.2 and 22.4(a) of the Environmental Protection Act (Act) (415 ILCS 5/7.2 and 22.4(a) (2002)) require the Board to adopt regulations that are "identical in substance" to hazardous waste regulations adopted by the USEPA. These USEPA rules implement Subtitle C of the federal Resource Conservation and Recovery Act of 1976 (RCRA Subtitle C) (42 U.S.C. §§ 6921 *et seq.* (2003)).

Sections 7.2 and 22.4(a) provide for quick adoption of regulations that are identical in substance to federal regulations that USEPA adopts to implement Sections 3001 through 3005 of RCRA (42 U.S.C. §§ 6921-6925 (2003)). Section 22.4(a) also provides that Title VII of the Act and Section 5 of the Administrative Procedure Act (APA) (5 ILCS 100/5-35 and 5-40 (2002)) do not apply to the Board's adoption of identical-in-substance regulations. The federal RCRA Subtitle C regulations are found at 40 C.F.R. 260 through 266, 268, 270, 271, 273, and 279.

This opinion supports an order that the Board also adopts today.

FEDERAL ACTIONS CONSIDERED IN THIS RULEMAKING

The following listing briefly summarizes the federal actions considered in this RCRA Subtitle C update rulemaking:

Docket R05-2: January 1, 2004 through June 30, 2004,
RCRA Subtitle C Amendments

USEPA amended the federal RCRA Subtitle regulations on one occasion during the period January 1, 2004 through June 30, 2004, as is summarized below:

69 Fed. Reg. 21737 (April 22, 2004)

USEPA issued rules that allow members of the National Environmental Performance Track Program to accumulate hazardous waste for an extended time before becoming subject to the hazardous waste treatment, storage, and disposal facility standards.

69 Fed. Reg. 22602 (April 26, 2004)

USEPA adopted national emission standards for hazardous air pollutants (NESHAP) applicable to automobile and light duty truck surface coating operations. Two limited segments of the amendments exclude purged coatings and solvents from operations subject to the NESHAP from the air emission standards applicable to equipment leaks at hazardous waste treatment, storage, and disposal facilities.

Later RCRA Subtitle C (Hazardous Waste) or UIC
Amendments of Interest to Date

The Board engages in ongoing monitoring of federal actions. As of the date of this opinion and accompanying order, the Board has identified one other USEPA actions since June 30, 2004 that further amended the RCRA Subtitle C hazardous waste rules in a way that would require immediate Board attention. That action is described as follows:

69 Fed. Reg. 62217 (October 25, 2004)

USEPA adopted a direct final rule that corrected its April 22, 2004 National Environmental Performance Track Program amendments.

When the Board observes an action outside the nominal timeframe of a docket that requires expedited consideration, the Board will expedite consideration of those amendments in the pending docket. Federal actions that could warrant expedited consideration include those that directly affect the amendments involved in this docket, those for which compelling reasons would warrant consideration as soon as possible, and those for which the Board has received a request for expedited consideration.

Other Federal Actions Having a Direct Impact on the
Illinois RCRA Subtitle C Regulations

In addition to the amendments to the federal RCRA Subtitle C regulations, amendments to certain other federal regulations occasionally have an effect on the Illinois hazardous waste rules. Most notably, 35 Ill. Adm. Code 720.111 includes several incorporations of federal regulations by reference. The incorporated regulations include segments of various USEPA environmental regulations and United States Department of Transportation hazardous materials transportation regulations that USEPA has incorporated into the federal hazardous waste rules.

The Board has not found significant amendments to the incorporated materials. Therefore, no amendments are necessary based on federal amendments to incorporated materials.

**Summary Listing of the Federal Actions Forming the Basis
of the Board's Actions in This Docket**

Based on the foregoing, the federal actions that form the basis for Board action in this update docket are the following, listed in chronological order:

April 22, 2004 (69 Fed. Reg. 21737)	Extended hazardous waste accumulation time to 180 days for members of the National Environmental Performance Track Program.
April 26, 2004 (69 Fed. Reg. 22602)	NESHAP for automobile and light duty truck surface coating operations.
October 25, 2004 (69 Fed. Reg. 62217)	Correction to the April 22, 2004 National Environmental Performance Track Program amendments.

PUBLIC COMMENTS

The Board adopted a proposal for public comment in this matter on December 16, 2004. Notices of Proposed amendments appeared in the January 3, 2005 issue of the *Illinois Register*, at 29 Ill. Reg. 132 (Part 720), 154 (Part 722), 207 (Part 724), and 232 (Part 725). The Board received public comments on the proposal for 45 days following the January 3, 2005 publication, until February 17, 2005. The Board now proceeds to adopt amendments based on that proposal. The Board will delay filing any adopted rules with the Secretary of State for 30 days after the date of this opinion and the accompanying order, until no earlier than April 3, 2005, particularly to allow additional time for USEPA to review the adopted amendments before they are filed and become effective.

During the public comment period, the Board received one comment from the Illinois Environmental Protection Agency (Agency):

- PC 1 Illinois Environmental Protection Agency Comments of Proposed RCRA Subtitle C Update, USEPA Amendments, by Lindsay R. Evans, Assistant Counsel, Division of Legal Counsel, date February 17, 2005.

By PC 1, the Agency suggested a single correction to the Board note that was added to Section 725.111. That correction is indicated in the table that begins on page 117 of this opinion.

The Board further received documents and comments from the Joint Committee on Administrative Rules (JCAR). First, the Board received on January 10, 2005, a series of documents (one document for each of the four Parts involved in this proceeding) entitled "Identical Line Numbered Version," which indicated various changes JCAR made to the text of

the amendments. The Board next received an e-mail from JCAR on February 22, 2005 that has since been docketed as a public comment:

PC 2 E-mail from Deborah Connelly, of JCAR staff, to Erin Conley, of Board staff, dated February 22, 2005.

In these documents and PC 2, JCAR has suggested a number of minor corrections to the text of the amendments and the base text of the rules. The corrections made in response to the JCAR suggestions are indicated in the table that begins on page 117 of this opinion. The suggestions that the Board has chosen not to accept are indicated in the table that begins on page 124. A brief description of each correction or declined suggestion appears in the appropriate table. Reasons are stated for each suggestion declined.

TIMETABLE FOR COMPLETION OF THIS RULEMAKING

Under Section 7.2 of the Act (415 ILCS 5/7.2(b) (2002)), the Board must complete this rulemaking within one year of the date of the earliest set of federal amendments considered in this docket. USEPA adopted the earliest federal amendments that required Board attention on April 22, 2004, so that the deadline for Board adoption of these amendments is April 22, 2005. The Board scheduled adoption of the proposal for public comment for the Board meeting of December 16, 2004, to allow for timely adoption of the rule around March 3, 2005. This will allow filing of these amendments after April 3, 2005 and before the April 22, 2005 deadline.

DISCUSSION

The following discussion begins with a description of the types of deviations the Board makes from the literal text of federal regulations in adopting identical-in-substance rules. It is followed by a discussion of the amendments and actions undertaken in direct response to the federal actions involved in this proceeding. This first series of discussions is organized by federal subject matter, generally appearing in chronological order of the relevant *Federal Register* notices involved. Finally, this discussion closes with a description of the amendments and actions that are not directly derived from the federal actions.

General Revisions and Deviations from the Federal Text

In incorporating the federal rules into the Illinois system, some deviation from the federal text is unavoidable. This deviation arises primarily through differences between the federal and state regulatory structure and systems. Some deviation also arises through errors in and problems with the federal text itself. The Board conforms the federal text to the Illinois rules and regulatory scheme and corrects errors that we see in the text as we engage in these routine update rulemakings.

In addition to the amendments derived from federal amendments, the Board often finds it necessary to alter the text of various passages of the existing rules as provisions are opened for update in response to USEPA actions. This involves correcting deficiencies, clarifying provisions, and making other changes that are necessary to establish a clear set of rules that

closely parallel the corresponding federal requirements within the codification scheme of the *Illinois Administrative Code*.

The Board updates the citations to the *Code of Federal Regulations* to the most recent version available. As of the date of this opinion, the most recent version of the *Code of Federal Regulations* available to the Board is the July 1, 2004 version. Thus, we have updated all citations to the 2004 version, adding references to later amendments using their appropriate *Federal Register* citation, where necessary.

The Board substituted “or” for “/” in most instances where this appeared in the federal base text, using “and” where more appropriate. The Board further used this opportunity to make a number of corrections to punctuation, grammar, spelling, and cross-reference format throughout the opened text. We changed “who” to “that” and “he” or “she” to “it,” where the person to which the regulation referred was not necessarily a natural person, or to “he or she,” where a natural person was evident; changed “which” to “that” for restrictive relative clauses; substituted “must” for “shall”; capitalized the section headings and corrected their format where necessary; and corrected punctuation within sentences.

In addition, the federal rules have been edited to establish a uniform usage throughout the Board’s regulations. For example, with respect to “shall,” “will,” and “may,” “must” is used when an action is required by the rule, without regard to whether the action is required of the subject of the sentence or not. “Shall” is no longer used, since it is not used in everyday language. Thus, where a federal rule uses “shall,” the Board substitutes “must.” This is a break from our former practice where “shall” was used when the subject of a sentence has a duty to do something. “Will” is used when the Board obliges itself to do something. “May” is used when choice of a provision is optional. “Or” is used rather than “and/or,” and denotes “one or both.” “Either . . . or” denotes “one but not both.” “And” denotes “both.”

The Joint Committee on Administrative Rules (JCAR) has requested that the Board refer to the United States Environmental Protection Agency in the same manner throughout all of our bodies of regulations—*i.e.*, air, water, drinking water, RCRA Subtitle D (municipal solid waste landfill), RCRA Subtitle C (hazardous waste), underground injection control (UIC), etc. The Board has decided to refer to the United States Environmental Protection Agency as “USEPA.” We will continue this conversion in future rulemakings as additional sections become open to amendment. We will further convert “EPA” used in federal text to “USEPA,” where USEPA is clearly intended.

The Board has assembled tables to aid in the location of these alterations and to briefly outline their intended purpose. The tables set forth the miscellaneous deviations from the federal text and corrections to the pre-amended base text of the rules in detail. The tables are set forth and explained beginning at page 13 of this opinion. There is no further discussion of most of the deviations and revisions elsewhere in this opinion.

Discussion of the Particular Federal Actions Involved in This Docket

Extended Hazardous Waste Accumulation Time for Members of the National Environmental Performance Track Program--Sections 720.111 and 722.134

The USEPA action of April 22, 2004 (69 Fed. Reg. 21737) applies only to members of the National Environmental Performance Track Program. The amendments relax existing requirements for members of that program. The amendments extend from 90 days to 180 days the time during which a generator of hazardous waste may accumulate hazardous waste on-site. If the generator accumulates hazardous waste on-site for longer than the allowable accumulation time, its facility is designated a hazardous waste treatment, storage, and disposal facility. The amendments impose various waste and facility management requirements, advanced notice, recordkeeping, and reporting requirements on the generator as conditions to the extended accumulation time.

On October 25, 2004 (69 Fed. Reg. 62217), USEPA adopted corrections to the April 22, 2004 amendments. The original rule did not impose the facility and waste management standards of Subparts C, D, AA, BB, and CC on the management of the accumulating hazardous waste. These requirements pertain to preparedness and prevention, contingency planning and emergency procedures, and air emissions from process vents; equipment leaks; and tanks, surface impoundments, and containers. USEPA stated that it had inadvertently omitted the references to these requirements from the final amendments.

The Board does not review the substance and merits of the underlying federal action in an identical-in-substance proceeding, except to the extent that it may be necessary to do so in order to incorporate the federal provisions into the Illinois regulations. Persons interested in the details of the federal amendments should consult the April 22, 2004 and October 25, 2004 *Federal Register* notices.

The Board incorporated the April 22, 2004 federal amendments and October 25, 2004 corrections without substantive deviation from the corresponding federal text. The deviations from the text of the federal amendments are restricted to those structural and stylistic changes needed to make the text comport with the *Illinois Register* format and the Board's preferred style. The table that begins on page 10 of this opinion itemizes the various revisions made in the federal text in adapting it into the State regulations.

The Board requested public comment on the incorporation of the April 22, 2004 federal amendments and October 25, 2004 corrections that extended the hazardous waste accumulation time for members of the federal National Environmental Performance Track Program. The Board received no substantive comments.

NESHAPs Applicable to Surface Coating of Automobiles and Light-Duty Trucks--Sections 720.111, 724.950, and 725.950

The USEPA action of April 26, 2004 (69 Fed. Reg. 22602) was primarily an action under Section 112 of the federal Clean Air Act (42 U.S.C. 7412 (2003)), which requires USEPA to

establish national emission standards for hazardous air pollutants (NESHAPs) for new and existing major sources. The NESHAPs are to reflect the maximum degree of reduction in hazardous air pollutant (HAP) emissions achievable (MACT). The MACT standard requires all major sources to achieve the HAP emissions reductions already achieved by the best-operated sources. Only one segment of the new NESHAP pertains to hazardous waste: the management of captured purge materials from coating equipment. The management of these materials may be subject to the hazardous waste standards for equipment leaks in Subparts BB of Parts 264 and 265 of the federal standards for hazardous waste treatment, storage, and disposal facilities (equivalent to Subparts BB and CC of 35 Ill. Adm. Code 724 and 725). The amendments very clearly exempt from regulation under Subparts BB of Parts 264 and 265 those purged coatings and solvents from surface coating operations that are subject to the NESHAP applicable to surface coating of automobiles and light-duty trucks.

The Board does not review the substance and merits of the underlying federal action in an identical-in-substance proceeding, except to the extent that it may be necessary to do so in order to incorporate the federal provisions into the Illinois regulations. Persons interested in the details of the federal amendments should consult the April 26, 2004 *Federal Register* notice.

The Board incorporated the April 26, 2004 federal amendments without substantive deviation from the corresponding federal text. The deviations from the text of the federal amendments are restricted to those structural and stylistic changes needed to make the text comport with the *Illinois Register* format and the Board's preferred style. The table that begins on page 10 of this opinion itemizes the various revisions made in the federal text in adapting it into the State regulations.

The Board requested public comment on the incorporation of the April 26, 2004 federal amendments that exempted from regulation under Subparts BB of Parts 264 and 265 of the hazardous waste regulations those purged coatings and solvents from surface coating operations that are subject to the NESHAP applicable to surface coating of automobiles and light-duty trucks. The Board received no substantive comments.

Discussion of Corrective Amendments

The Board has traditionally used the occasion of these identical-in-substance updates to correct segments of the base text of the Illinois regulations. These corrections are non-substantive in effect. The Board is including a significant number of non-substantive corrections in this docket.

When a necessary minor correction comes to the attention of the Board, Board staff makes a note of the correction, and it is set aside until the next opportunity to make the correction. The next opportunity generally presents itself when the section involved is next opened for amendment as a result of amendments to the corresponding federal text. Over the last few years, the Board has cataloged very many changes, but the pace of completing the corrections has been slow, since only a limited number of all the sections involved in the hazardous waste regulations have been the subject of federal amendments. At the rate at which

the Board has been able to make the corrections while restricting attention to opened Sections of the regulations, the Board might never be able to complete the corrections.

In preceding RCRA Subtitle C update dockets, the Board included necessary corrections to many segments of the text of the rules that were not already involved in the pertinent docket as a result of federal amendments. The Board has continued this process through the following RCRA Subtitle C update dockets:

RCRA Subtitle C Update, USEPA Regulations (January 1, 2002 through June 30, 2002), R03-7 (Jan. 9, 2003)

RCRA Subtitle C Update, USEPA Regulations (July 1, 2002 through December 31, 2002), R03-18 (June 5, 2003)

RCRA Subtitle C Update, USEPA Regulations (July 1, 2003 through December 31, 2003), R04-16 (Apr. 1, 2004)

In this ongoing review of the rules, the Board has so far reviewed the entire text of Parts 703, 705, 720, 721, 724, 726, 728, and 739. The Board included all the necessary corrections to the base text of which the Board was aware. The Board believes that prompt completion of the corrections benefits the Agency's implementation of the rules and the regulated community.

The Board is continuing this approach in this current docket. The Board has made corrections to two more Parts of the regulations: Parts 722 and 725. Thus, after completion of this rulemaking, the Board will have reviewed the entire text of Parts 703, 705, 720, 721, 722, 724, 725, 726, 728, and 739 of the hazardous waste regulations and made necessary corrections. The Board will continue this process of making corrections to the text of open Parts at a reasonable rate in future RCRA Subtitle C update dockets until all of the corrections are complete to all of Parts 702, 703, 705, 720 through 726, 728, 733, and 739.¹

The Board will not discuss particular corrective amendments in this segment of this discussion. The corrections are each itemized in the table that begins on page 13 of this opinion.

Agency or Board Action

Section 7.2(a)(5) of the Act requires the Board to specify those portions of the program over which USEPA will retain decision making authority. Based on the general division of functions within the Act and other Illinois statutes, the Board is also to specify which State agency is to make decisions.

In situations in which the Board has determined that USEPA will retain decision-making authority, the Board has replaced "Regional Administrator" with USEPA, so as to avoid specifying which office within USEPA is to make a decision.

¹ At this time, the Board has not yet opened Parts 702, 723, or 733 for review.

In some identical-in-substance rules, certain decisions pertaining to a permit application are not appropriate for the Agency to consider. In determining the general division of authority between the Agency and the Board, the following factors should be considered:

1. Whether the entity making the decision is applying a Board regulation, or taking action contrary to (“waiving”) a Board regulation. It generally takes some form of Board action to “waive” a Board regulation.
2. Whether there is a clear standard for action such that the Board can give meaningful review to an Agency decision.
3. Whether the action would result in exemption from the permit requirement itself. If so, Board action is generally required.
4. Whether the decision amounts to “determining, defining or implementing environmental control standards” within the meaning of Section 5(b) of the Act. If so, it must be made by the Board.

There are four common classes of Board decisions: variance, adjusted standard, site-specific rulemaking, and enforcement. The first three are methods by which a regulation can be temporarily postponed (variance) or adjusted to meet specific situations (adjusted standard or site-specific rulemaking). There often are differences in the nomenclature for these decisions between the USEPA and Board regulations.

Tabulations of Deviations from the Federal text and Corrections to and Clarifications of the Base Text

The tables below list numerous corrections and amendments that are not based on current federal amendments. The first table (beginning immediately below) includes deviations made in these amendments from the verbatim text of the federal amendments. The second table (beginning on page 13) contains corrections and clarifications that the Board made in the base text involved in these amendments. The amendments listed in this second table are not directly derived from the current federal amendments. Some of the entries in these tables are discussed further in appropriate segments of the general discussion beginning at page 4 of this opinion. Table 3 (beginning on page 117 below) is a listing of revisions made to the text of the amendments from that proposed and set forth in the Board’s opinion and order of December 16, 2004. Table 3 indicates the changes made, as well as the source that suggested each of the changes. Table 4 (on page 124 below) indicates suggested revisions that the Board has not made in adopting these amendments. Each entry gives a brief explanation why the Board did not incorporate the suggested change.

**Table 1:
Deviations from the Text of the Federal Amendments**

Illinois Section	40 C.F.R. Section	Revision(s)
722.134(j)	262.34(j)	Added “federal” before the program title and changed “Performance Track” to “National Environmental Performance Track” to complete the program title; changed to lower-case “program,” since that does not appear to be part of the formal program title; changed “1000” to “1,000”; added “that” for a restrictive relative clause; added “the following conditions are fulfilled”
722.134(j)(1)	262.34(j)(1)	Removed the unnecessary ending conjunction “and”
722.134(j)(2)	262.34(j)(2)	Changed “the Regional Administrator and the Director of the authorized state” to “USEPA Region 5 and the Agency”; changed to capitalized “Section”; added “the following information”
722.134(j)(2)(A)	262.34(j)(2)(i)	Added the definite article “the” before “name”; changed “EPA ID number” to “USEPA ID number”; removed the unnecessary comma after “facility” that separated a two-element series; capitalized “Section”; removed the unnecessary ending conjunction “and”
722.134(j)(2)(B)	262.34(j)(2)(ii)	Removed the unnecessary comma after “time” that separated a two-element series; removed the unnecessary ending conjunction “and”
722.134(j)(2)(C)	262.34(j)(2)(iii)	Changed to lower-case “statement”; changed the comma to a semicolon to separate elements of a series that includes parentheticals offset by commas (twice)
722.134(j)(2)(D)	262.34(j)(2)(iv)	Changed “part 270” to “35 Ill. Adm. Code 702 and 703, 40 CFR 270, or the corresponding regulations of a sister state”
722.134(j)(3)	262.34(j)(3)	Added “the following types of units”
722.134(j)(3)(A)	262.34(j)(3)(i)	Changed “40 CFR part 265 and 40 CFR 264.175” to “35 Ill. Adm. Code 725 and 35 Ill. Adm. Code 724.275”

722.134(j)(3)(B)	262.34(j)(3)(ii)	Changed “40 CFR part 265, except for §§ 265.197(c) and 265.200” to “35 Ill. Adm. Code 725, except for 35 Ill. Adm. Code 725.297(c) and 725.300”
722.134(j)(3)(C)	262.34(j)(3)(iii)	Changed to capitalized “Subpart”; changed “40 CFR part 265” to “35 Ill. Adm. Code 725”
722.134(j)(3)(D)	262.34(j)(3)(iv)	Changed to capitalized “Subpart”; changed “40 CFR part 265” to “35 Ill. Adm. Code 725”
722.134(j)(4)	262.34(j)(1)	Removed the unnecessary ending conjunction “and”
722.134(j)(5)(A)	262.34(j)(5)(i)	Removed the unnecessary comma after “time limit” that separated a two-element series
722.134(j)(5)(B)	262.34(j)(5)(ii)	Removed the unnecessary ending conjunction “and”
722.134(j)(6)	262.34(j)(5)(vi)	Removed the unnecessary ending conjunction “and”
722.134(j)(7)	262.34(j)(5)(vii)	Changed “40 CFR part 265, with § 265.16, and with § 268.7(a)(5)” to “Subparts C and D of 35 Ill. Adm. Code 725, 35 Ill. Adm. Code 725.116, and 35 Ill. Adm. Code 728.107(a)(5)”; changed to capitalized “Subparts”; changed “40 CFR part 265, except for §§ 265.111 and 265.114” to “35 Ill. Adm. Code 725, except for 35 Ill. Adm. Code 725.211 and 725.214”
722.134(j)(9)	262.34(j)(9)	Added “information”; added “federal” before the program title and changed “Performance Track” to “National Environmental Performance Track” to complete the program title; changed “the Regional Administrator and the Director of the authorized state” to “USEPA Region 5 and the Agency”
722.134(j)(9)(A)	262.34(j)(9)(i)	Removed the unnecessary ending conjunction “and”
722.134(j)(9)(B)	262.34(j)(9)(ii)	Changed to capitalized “Section”; removed the unnecessary ending conjunction “and”

722.134(j)(9)(D)	262.34(j)(9)(iv)	Changed “part 270” to “35 Ill. Adm. Code 702 and 703, 40 CFR 270, or the corresponding regulations of a sister state”
722.134(j) Board note	none	Added description of the National Environmental Performance Track program
722.134(k)	262.34(k)	Changed “. . . may be granted at the discretion of the Regional Administrator” to “the Agency finds that . . . it must grant . . . by a provisional variance pursuant to Sections 35(b), 36(c), and 37(b) of the Act [415 ILCS 5/35(b), 36(c), and 37(b)]”; changed “longer than 180 days . . . due to” to “longer than the 180 days . . . allowed under subsection (j) of this Section due to”; corrected the spelling of “unforseen” to “unforeseen”
722.134(l)	262.34(l)	Changed the personal pronoun “who” to “that”; added “federal” before the program title; changed “Performance Track” to “National Environmental Performance Track” to complete the program title (twice); changed to lower-case “program,” since that does not appear to be part of the formal program title (twice); changed “the Regional Administrator” to “USEPA Region 5”
724.950(h)	264.1050(h)	Added “federal” before “national emission standards for hazardous air pollutants”; changed “NESHAP” to plural “NESHAPs”; changed “40 CFR part 63, subpart III” to “Subpart III of 40 CFR 63”; added “incorporated . . . 720.111(b) as a parenthetical offset by commas; changed “this subpart” to “this Subpart BB”

725.950(g)	265.1050(g)	Added “federal” before “national emission standards for hazardous air pollutants”; changed “NESHAP” to plural “NESHAPs”; changed “40 CFR part 63, subpart III” to “Subpart III of 40 CFR 63”; added “incorporated . . . 720.111(b) as a parenthetical offset by commas; changed “this subpart” to “this Subpart BB”

Table 4
Requested Revisions to the Text of the Proposed Amendments Not Made in Final
Adoption

Section Affected	Source(s) of Request: Requested Revision(s)	Explanation
722.183(d)	JCAR: Change “which” to “that” for a restrictive relative clause.	It is changed to “and which” for a subsequent restrictive relative clause, which is the Board’s stylistic preference.
725 Table of Contents, Subpart EE heading	JCAR: Remove the overstruck title case heading and the underlining from the all- caps heading to reflect text on file.	The heading appears in title case in the text on file with the Secretary of State, and overstrike and underlining is needed to effect the change to all- caps.
725 Table of Contents, Section 725.1201 heading	JCAR: Remove the overstruck lower-case words “operating standards” from the heading and the underlining from the word in title-case to reflect text on file.	The words in the heading appear in lower case in the text on file with the Secretary of State, and overstrike and underlining is needed to effect the change to title case.
725 Table of Contents, Section 725.1202	JCAR: Remove the overstruck lower-case	The words in the heading appear in lower case in the text on file with the

heading	words “post-closure care” from the heading and the underlining from the word in title-case to reflect text on file.	Secretary of State, and overstrike and underlining is needed to effect the change to title case.
725.191(b)(3)(A)	JCAR: Remove “that” and change the ending semicolon to a period	“That is necessary to restrictively relate the requirement to the preamble of subsection (b)(3); and the semicolon is necessary for the three-element series consisting of subsections (b)(3)(A), (b)(3)(B), and (b)(3)(C).
725.191(b)(3)(B)	JCAR: Remove “that” and change the ending semicolon to a period	“That is necessary to restrictively relate the requirement to the preamble of subsection (b)(3); and the semicolon and conjunction “and” are necessary for the three-element series consisting of subsections (b)(3)(A), (b)(3)(B), and (b)(3)(C).
725.191(b)(3)(C)	JCAR: Remove “that” and change the ending semicolon to a period	“That is necessary to restrictively relate the requirement to the preamble of subsection (b)(3).
725.191(b)(3)(D)	JCAR: Renumber as subsection (b)(4).	The subsection is subordinate to subsection (b)(3), not to subsection (b) as a whole.
725.213(e)(5)(A)(iii)	JCAR: Remove the subsection designation “(iii)” from the text and move the text to the indent level of subsection (e)(5)(A).	While what is requested is allowed by the codification rules of the Secretary of State, following the suggestion will remove the easy way to designate the text in any citation; designation of the text as subsection (e)(5)(A)(iii), coordinate with the series of subsections (e)(5)(A)(i) and (e)(5)(A)(ii) is a stylistic preference that does not result in ambiguity or confusion.
725.241(g) “property damage”	JCAR: Add a comma after “contamination of.”	There is no need for a comma to offset the predicate from the object “tangible property.”
725.243(e)(7)	JCAR: Remove the overstruck “or” and the underlining from “of” to reflect text on file.	The word “or” appears in the text on file with the Secretary of State, and amendment to “of” is a necessary correction.
725.277(a)	JCAR: Remove the comma underlined as	The incorporation statement is a parenthetical that the comma offsets.

	added after the incorporation statement.	
725.277(b)	JCAR: Remove the comma underlined as added after the incorporation statement.	The incorporation statement is a parenthetical that the comma offsets.
725.295(a)(4) Board note	JCAR: Add a closing parenthesis mark overstruck for deletion.	No closing parenthesis mark appears in the text on file with the Secretary of State.
725.325 preamble	JCAR: Renumber to subsection (a); change “subsections (a) and (b)” to “subsection (a)(1) and (2)(a)” change “subsection (c)” to “subsection (b).”	Retaining the text as a preamble more clearly subordinates all text in the Section to this statement; not renumbering the preamble obviates renumbering subsections (a), (b), and (c).
725.325(a)	JCAR: Renumber to subsection (a)(1).	Retaining the preamble obviates renumbering.
725.325(b)	JCAR: Renumber to subsection (a)(2).	Retaining the preamble obviates renumbering.
725.325(c)	JCAR: Renumber to subsection (b).	Retaining this text as subordinate to the preamble obviates renumbering.
725.330	JCAR: Remove the comma underlined as added after the incorporation statement.	The incorporation statement is a parenthetical that the comma offsets.
725.357(a)	JCAR: Remove the comma underlined as added after the incorporation statement.	The incorporation statement is a parenthetical that the comma offsets.
725.382	JCAR: Remove the comma underlined as added after the incorporation statement.	The incorporation statement is a parenthetical that the comma offsets.
725.413	JCAR: Remove the comma underlined as added after the incorporation statement.	The incorporation statement is a parenthetical that the comma offsets.
725.502(a)	JCAR remove the overstruck comma after “725.113.”	The comma that appears in the text as on file with the Secretary of State is being deleted.
725.950 Board note	JCAR: Attach the note to subsection (e).	The note relates to the entire Section, so is best attached at the end of the Section; the note will be indicated as moved from after subsection (e) to follow subsection (g) at the end of

		the Section.
725.984(b)(3)(D)	JCAR: Remove the overstruck text “12”; add the word “waste” after “individual” as on file; add the word “one” before “year” as on file; change the word “determinations” to singular “determination” as on file; change “(b)(3)(B)(ii)” to “(a)(3)(B)(ii)” as on file	The “12” that appears in the text as on file with the Secretary of State is being deleted; the word “waste” does not appear on file for this subsection; the number “1” appears on file rather than the word “one”; the word “determinations” appears on file; “(b)(3)(B)(ii)” appears on file and is correct.
725.984(b)(4)(C)	JCAR: Remove the overstruck text “13” as on file	The “13” that appears in the text as on file with the Secretary of State is being deleted.
725.984(b)(5)(D)	JCAR: Remove the overstruck text “14” and “15” as on file	The “14” and “15” that appear in the text as on file with the Secretary of State is being deleted.
725.984(b)(5)(E)	JCAR: Remove the overstruck text “16” as on file	The “16” that appears in the text as on file with the Secretary of State is being deleted.
725.984(b)(6)(B)	JCAR: Remove the overstruck text “17” as on file	The “17” that appears in the text as on file with the Secretary of State is being deleted.
725.984(b)(7)(D)	JCAR: Remove the overstruck text “18” as on file	The “18” that appears in the text as on file with the Secretary of State is being deleted.
725.984(b)(8)(C)	JCAR: Remove the overstruck text “19” as on file	The “19” that appears in the text as on file with the Secretary of State is being deleted.
725.984(b)(9)(D)	JCAR: Remove the overstruck text “20” as on file	The “20” that appears in the text as on file with the Secretary of State is being deleted.

HISTORY OF RCRA SUBTITLE C AND UIC ADOPTION
ILLINOIS ENVIRONMENTAL PROTECTION AGENCY OR BOARD ACTION
EDITORIAL CONVENTIONS

It has previously been the practice of the Board to include an historical discussion in its RCRA Subtitle C and UIC identical-in-substance rulemaking proposals. However, in the last RCRA Subtitle C update docket, RCRA Subtitle C Update, USEPA Amendments (July 1, 1999 through December 31, 1999), R00-13 (May 18, 2000), the Board indicated that it would cease this practice. Therefore, for a complete historical summary of the Board’s RCRA Subtitle C and UIC rulemakings and programs, interested persons should refer back to the May 18, 2000 opinion and order in R00-13.

The historical summary contains all Board actions taken to adopt and maintain these programs since their inception and until May 18, 2000. It includes a listing of all site-specific rulemaking and adjusted standards proceedings filed that relate to these programs. It also lists all USEPA program authorizations issued during that time frame. As necessary the Board will continue to update the historical summary as a segment of the opinion in each RCRA Subtitle C and UIC update docket, but those opinions will not repeat the information contained in the opinion of May 18, 2000, in docket R00-13.

The following summarizes the history of the Illinois RCRA Subtitle C hazardous waste and UIC programs since May 18, 2000:

History of RCRA Subtitle C and State Hazardous Waste Rules Adoption

The Board has adopted and amended the RCRA Subtitle C hazardous waste rules in the following docket since May 18, 2000:

- R00-13 RCRA Subtitle C Update, USEPA Regulations (July 1, 1999 through December 31, 1999), R00-13 (May 18, 2000); published at 24 Ill. Reg. 9443 (July 7, 2000), effective June 20, 2000.

- R01-3 RCRA Subtitle C Update, USEPA Regulations (January 1, 2000 through June 30, 2000), R01-3 (December 7, 2000); published at 25 Ill. Reg. 1266 (Jan. 26, 2001), effective January 11, 2001.
