^{Pollution Control Board} Dorothy Dunn.

PC#23

We are against the landfill expansion. Although we do not live in that area we pass it on our way to town. We do not want to smell the pollution from the trucks hauling in the garbage. It smells bad enough now.

Find somewhere else to haul Chicago's garbage. You would bill surrounding areas too. Do something about pollution from trucks also. It chokes us - all that black smoke & exhaust. That's my issue with the sticking landfill.

Please take action against the landfill & not with the politicians.

Thank you.
