 Richard and Wilma Salyer v.
 Illinois Environmental Protection Agency

Dear Ms. Gunn:

I testified at a hearing on the above referenced matter on November 24, 1998. Certain pages from a technical reference book titled "Modeling of In Situ Techniques for Treatment of Contaminated Soils" were presented as an exhibit at the hearing. At that time, the attorney for the Illinois Environmental Protection Agency, Mr. John Kim, requested that the complete book be given to the hearing officer. Since this case is closed and there has been no appeal, I am now requesting that the book be returned. If this is not a problem, please forward the book to the above address.

Sincerely,

Robert A. Mehrens, P.E.
