OPINION AND ORDER OF THE BOARD (by C.A. Manning):

This matter comes before the Board upon a four-count complaint filed on May 30, 1997, by the Attorney General of the State of Illinois, on behalf of the People of the State of Illinois, against respondent Keyser Industries, Inc. a/k/a Florida Plastics International, Inc., an Illinois corporation, located at 10200 South Kedzie, Evergreen Park, Cook County, Illinois. The complaint alleges that respondent violated Sections 9(a) and 9(b) of the Environmental Protection Act (Act) (415 ILCS 5/9(a), 9(b) (1996)) and 35 Ill. Adm. Code 201.142, 201.143, 201.302(a), 212.309(a), and 254.132(a), by constructing and operating a new emission source without a permit, failing to submit an annual emissions report, and failing to submit a fugitive particulate matter operating program.

On June 4, 1998, the parties filed a stipulation and settlement agreement, and a joint motion requesting relief from the requirement of Section 31(c)(2) that proposed stipulation and settlement agreements be presented at hearing. 415 ILCS 5/31(c)(2) (1996). The Board published a notice of the request for waiver on June 9, 1998. The Board did not receive any objections to the granting of the waiver. Accordingly, the Board grants a waiver from the hearing requirement.

The stipulation sets forth facts relating to the nature, operations, and circumstances surrounding the claimed violations. Respondent neither admits nor denies the alleged violations, but agrees to pay a total civil penalty of \$22,500.

The Board finds the settlement agreement acceptable under 35 Ill. Adm. Code 103.180. This settlement agreement in no way affects respondent's responsibility to comply with any federal, State or local regulations including, but not limited to, the Act and the Board's regulations.

This opinion constitutes the Board's finding of fact and conclusions of law in this matter.

IT IS SO ORDERED.
