RE: Falcon Waste & Recycling, Inc/ Jo'Lyn Corporation, Petition for Adjusted Standard,

8/30/04

Dear Dorothy Gunn,

In a generation that needs more recycling and less waste, it has been a breath of fresh air to see a company such as Falcon Waste & Recycling, Inc., create new markets from products that were unwanted. I live in Harvard, and have driven on a driveway paved with their product. I know it has been there several years, lasting through numerous seasons with various weather conditions and it is still holding up today. This driveway is proof that the material is not a waste when manufactured into Eclipse Dust Control.

Thanks for your time,

Richard Shields
