ORDER OF THE BOARD (by C. A. Manning):

On July 26, 1993, the Board received a joint motion to reconsider the Board's July 22, 1993, order. The parties also filed a status report and a motion to file the report instanter. The July 22, 1993, order directed the hearing officer to set this matter for hearing noting that the parties had failed to file a status report as directed by a previous Board order.

The motion indicates that the parties had held a status call with the hearing officer on July 8 informing the hearing officer that the parties were making progress toward resolution of all the issues before the Board. The motion further indicates that the failure to timely file the status report with the Board was a result of the attorney's schedules and not due to a breakdown in negotiations.

The Board will grant reconsideration of its July 22, 1993, order and hereby vacates that order. The Board will grant the motion to file the status report instanter.

The status report indicates that respondent has purchased equipment and begun installation of the equipment. The parties anticipate that the remedial action can be completed and the settlement agreement finalized within 90 days .

The Board directs the parties to file an additional status report to be received by the Board no later than October 15, 1993.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the _____ day of _____, 1993, by a vote of _____.
