Letter From the Chairman

On March 16, 2000, the Board proposed new procedural rules for first notice publication in the *Illinois Register*. See [Revision of the Board's Procedural Rules: 35 Ill. Adm. Code 101-130](#) (March 16, 2000), R00-20. The proposed rules appeared in the *Illinois Register* on March 31, 2000. See 24 Ill. Reg. 5173-5606 (March 31, 2000). The Board set a deadline of June 1, 2000, to file public comments, or, for comments concerning trade secrets, June 15, 2000. The Board has held two public hearings on the proposed rules and has scheduled a third public hearing for July 10, 2000, in Springfield. Public comments, hearing transcripts, and hearing officer orders to date, as well as the Board's first notice opinion and order, are available on the Board's Web site (www.ipcb.state.il.us).

The proposed rules govern how persons initiate and participate in all proceedings before the Board under the Environmental Protection Act, 415 ILCS 5/1 *et seq.* (1998), and other legislation directing Board action. The Board drafted the proposed rules to make its proceedings more efficient and effective. When adopted, the proposed rules will replace all of the Board's existing procedural rules and all Board resolutions that relate to procedural matters.

In its first notice proposal, the Board continues to base its procedural rules on federal and State codes of civil procedure, rules of the Illinois Supreme Court, and procedural requirements of various environmental laws. With its proposed rules, however, the Board also seeks to make it easier for the public to participate in Board proceedings.

To make the rules easier to use, the Board has simplified and defined many terms potentially unfamiliar to the public and made organizational changes. The Board also has described more clearly the many opportunities for the public to participate in Board proceedings. To streamline the rules, the Board has eliminated many of the internal directives to the Clerk and staff of the Board. Finally, the proposed rules serve as a comprehensive source of all of the Board's procedural requirements—persons no longer will need to refer to Board resolutions that relate to procedural matters.

The Board's first notice proposal also establishes procedural rules for particular proceedings and circumstances for which there are no specific procedural rules. This includes appeals of Illinois Environmental Protection Agency leaking underground storage tank decisions, appeals of administrative citations, and appeals of local government decisions on siting new pollution control facilities. It also includes procedural rules for the Board to certify "pollution control facilities" for tax purposes under the Property Tax Code, 35 ILCS 200/11-5 *et seq.* (1998). In addition, the proposed rules specifically address aspects of the more complex litigation that the Board has begun to see in recent years, including counter-complaints, cross-complaints, and third-party complaints, and how persons who are not parties to an enforcement proceeding may be added as respondents.

The proposed procedural rules consist of ten parts within Title 35 of the Illinois Administrative Code. Part 101 sets forth the general procedural provisions that apply to all Board proceedings, including adjudicatory and rulemaking proceedings. These general rules apply unless more specific rules for particular proceedings supersede them. Section 101.400(a)(2) of Part 101 clarifies that a person must be a licensed attorney to appear before the Board on behalf of others in an adjudicatory proceeding.

The balance of the proposed rules govern specific types of Board proceedings. Part 102 addresses regulatory and informational proceedings. Part 103 applies to enforcement proceedings. Section 103.204(e) of Part 103 significantly departs from current Board practice. As proposed, if a respondent fails to timely file an answer to a complaint, all material allegations of a complaint will be taken as admitted, instead of being deemed denied. This often-requested change makes the Board's rule consistent with Section 2-610 of the Civil Practice Law, 735 ILCS 5/2-610 (1998).

Part 104 addresses the three core adjudicatory proceedings for obtaining relief from generally applicable regulations: variances, provisional variances, and adjusted standards. Part 105 covers Board review of other State agency final actions, including final decisions of the Illinois Environmental Protection Agency under various programs and final decisions of the Office of the State Fire Marshal with respect to the Underground Storage Tank Fund. Subpart F of Part 105 provides general appeal procedures for new situations that may arise. The proposed

rules presently cross-reference these provisions for appeals to the Board of trade secret determinations of the Department of Natural Resources.

Part 106 establishes procedures for proceedings pursuant to specific rules or statutory provisions, such as heated effluent and artificial cooling lake demonstrations and involuntary terminations of Environmental Management System Agreements.

Part 107 addresses appeals of decisions of local governments on siting new pollution control facilities, and Part 108 establishes procedures for appeals of administrative citations. Part 125 addresses petitions for the Board to certify “pollution control facilities” and “low sulfur dioxide emission coal fueled devices” for tax purposes under the Property Tax Code. Part 125 substantially changes the current tax certification process, which involves applying to the Illinois Environmental Protection Agency for a decision on certification, with the ability to appeal that decision to the Board. As proposed, persons instead will petition the Board directly for tax certification, and the Agency may file a recommendation on the petition. Finally, Part 130 sets forth procedures to identify and protect trade secrets and other non-disclosable information.

For further information, please contact Hearing Officer Carol Sudman at (217) 524-8509 or sudmanc@ipcb.state.il.us, or visit the Board’s Web site (www.ipcb.state.il.us).

Yours,

Claire Manning, Chairman
Illinois Pollution Control Board

Federal Update

USEPA Adopts Final Rule for Standards of Performance for New Stationary Sources and Guidelines for Control of Existing Sources: Municipal Solid Waste Landfills

On April 10, 2000, the United States Environmental Protection Agency (USEPA) adopted a final rule for Standards of Performance for New Stationary Sources and Guidelines for Control of Existing Sources: Municipal Solid Waste Landfills. 65 Fed. Reg. 18906 (April 10, 2000). Under the Clean Air Act (CAA) (42 USC §§ 7401 *et seq.* (1996)), the USEPA issued a final rule entitled “Standards of Performance for New Stationary Sources and Guidelines for Control of Existing Sources: Municipal Solid Waste Landfills,” published at 61 Fed. Reg. 9905 (March 12, 1996). A subsequent direct final rule, published at 63 Fed. Reg. 32743 (June 16, 1998) corrected errors and clarified regulatory text of the final rule.

The changes to the rule are minor technical corrections, are not controversial, and do not substantively change the requirements of the rule. These technical corrections will correct an error in the amendatory instructions and an inconsistency between the reportable exceedances and reporting of monitoring data. The technical corrections became effective April 10, 2000.

For further information contact Michele Laur at 919/541-5256; e-mail address: laur.michele@epa.gov.

If adopted by the USEPA, the Board would expect the Illinois Environmental Protection Agency to propose similar State amendments using either the rulemaking provisions of Section 27 of the Environmental Protection Act (Act), federally required rules provision of Section 28.2 of the Act, or the Clean Air Act “fast-track” provisions of Section 28.5 of the Act. 415 ILCS 5/27, 28.2, 28.5 (1998). For further information contact: Michael McCambridge at 312/814-6924; e-mail: mccambm@ipcb.state.il.us

USEPA Proposes Amendments to National Emission Standards for Hazardous Air Pollutants for Pharmaceuticals Production

On April 10, 2000, the United States Environmental Protection Agency (USEPA) proposed amendments to the national emission standards for hazardous air pollutants (NESHAPs) for pharmaceuticals production. 65 Fed. Reg. 19151 (April 10, 2000). On September 21, 1998 (63 Fed. Reg. 50280), the USEPA promulgated NESHAPs for pharmaceuticals production. On November 17 and 20, 1998, petitions for reconsideration and review of the September 1998 rule were filed in the United States Court of Appeals for the District of Columbia Circuit. The petitioners raised over 12 technical issues and concerns with the rule. Additional issues were raised by intervenors on the side of the petitioners. The USEPA proposes amendments to the Pharmaceuticals Production NESHAPs to address these issues and to correct other inconsistencies that were discovered during the review process. The USEPA will accept comments regarding this proposal on or before May 10, 2000. Comments should be submitted to: Air and Radiation Docket and Information Center (6102), Attention Docket Number A-96-03, Room M-1500, U. S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460. For further information contact: Randy McDonald at 919/541-5402; e-mail address: mcdonald.randy@epa.gov.

Following signature, a copy of the rule will be posted on the Technology Transfer Network’s policy and guidance page for newly proposed or promulgated rules at <http://www.epa.gov/ttn/oarpg>.

If adopted by the USEPA, NESHAP rules are applicable and enforceable without further action by the Board pursuant to Section 9.1(b) of the Environmental Protection Act (415 ILCS 5/9.1(b) (1998)).

USEPA Proposes National Primary Drinking Water Regulations: Long Term 1 Enhanced Surface Water Treatment and Filter Backwash Rule

On April 10, 2000, the United States Environmental Protection Agency (USEPA) proposed the Long Term 1 Enhanced Surface Water Treatment and Filter Backwash Rule (LT1FBR). 65 Fed. Reg. 19045 (April 10, 2000). The purposes of the LT1FBR are to: 1) Improve control of microbial pathogens in drinking water, including Cryptosporidium, for public water systems (PWSs) serving fewer than 10,000 people (small systems); 2) prevent increases in microbial risk while small systems control for disinfection byproducts; and 3) require certain PWSs to institute changes to the return of recycle flows within the treatment process to reduce the effects of recycle on compromising microbial control.

The proposal addresses two statutory requirements of the 1996 Safe Drinking Water Act (SDWA) Amendments. 42 USC §§ 1401 *et seq.* (1996). First, the proposal addresses the statutory requirement to establish a long term enhanced surface water treatment rule for small systems. Second, it addresses the statutory requirement to promulgate a regulation which “governs” the recycle of filter backwash within the treatment process of public utilities. The LT1FBR contains 5 key provisions for surface water and ground water under the direct influence of surface water (GWUDI) systems serving fewer than 10,000 people: 1) treatment technique requiring a 2-log (99 percent) Cryptosporidium removal requirement; 2) strengthened combined filter effluent turbidity performance standards and new individual filter turbidity provisions; 3) disinfection benchmark provisions to assure continued microbial protection is provided while facilities take the necessary steps to comply with new disinfection byproduct standards; 4) inclusion of Cryptosporidium in the definition of GWUDI and in the watershed control requirements for unfiltered public water systems; and 5) requirements for covers on new finished water reservoirs.

The LT1FBR contains three key provisions for all conventional and direct filtration systems which recycle and use surface water or GWUDI: 1) provision requiring recycle flows to be introduced prior to the point of primary coagulant addition; 2) requirement for systems meeting criteria to perform a one-time self assessment of their recycle practice and consult with their primacy agency to address and correct high risk recycle operations; and 3) requirement for direct filtration systems to provide information to the State on their current recycle practice. The USEPA believes that implementing the provisions contained in the LT1FBR will improve public health protection in two fundamental ways. First, the provisions will reduce the level of Cryptosporidium in filtered finished drinking water supplies through improvements in filtration and recycle practice resulting in a reduced likelihood of outbreaks of cryptosporidiosis. Second, the filtration provisions are expected to increase the level of protection from exposure to other pathogens (*i.e.* Giardia or other waterborne bacterial or viral pathogens).

In conjunction with the Maximum Contaminant Level Goal established in the Interim Enhanced Surface Water Treatment Rule, the USEPA developed a treatment technique in lieu of a Maximum Contaminant Level for Cryptosporidium because the USEPA believes that it is not economically and technologically feasible to accurately ascertain the level of Cryptosporidium using current analytical methods.

Comments must be post-marked by midnight June 9, 2000. For further technical information contact Jeffery Robichaud at 202/260-2568. For general information contact the USEPA Safe Drinking Water Hotline at 800/426-4791. If adopted by the USEPA, the Board will adopt the necessary federal amendments in an upcoming identical-in-substance rulemaking, *In re Safe Drinking Water Act Update, USEPA Amendments (January 1, 2000, through June 30, 2000)*. For further information contact: Michael McCambridge at 312/814-6924; e-mail: mccambm@ipcb.state.il.us

USEPA Proposes Revisions to the Interim Enhanced Surface Water Treatment Rule and the Stage 1 Disinfectant and Disinfection Byproducts Rule

On April 14, 2000, the United States Environmental Protection Agency (USEPA) proposed minor revisions to the Interim Enhanced Surface Water Treatment Rule (IESWTR) and the Stage 1 Disinfectant and Disinfection Byproducts Rule (Stage 1 DBPR) which were published December 16, 1998, and the Revisions to State Primacy Requirements to Implement the SDWA Amendments (Primacy Rule) published April 28, 1998. 65 Fed. Reg. 20314 (April 14, 2000).

The proposed rule revises the compliance dates for the IESWTR and the Stage 1 DBPR. This revision will change the monitoring periods to coincide with calendar quarters which are expected to facilitate the implementation of these

rules. This proposed rule will also extend the use of new analytical methods included in the IESWTR and the Stage 1 DBPR to compliance monitoring for long standing drinking water regulations for total trihalomethanes.

The USEPA is promulgating these changes as a direct final rule. If the USEPA receives adverse comment, it will withdraw the direct final rule and it will not take effect. Written comments must be received by May 15, 2000. For further information contact Jennifer Melch at 202/260-7035.

If adopted by the USEPA, the Board will adopt the necessary federal amendments in an upcoming identical-in-substance rulemaking, *In re Safe Drinking Water Act Update, USEPA Amendments (January 1, 2000, through June 30, 2000)*. For further information contact: Michael McCambridge at 312/814-6924; e-mail: mccambm@ipcb.state.il.us

USEPA Proposes Amendments for Coal Mining Point Source Category to Effluent Limitations Guidelines and New Source Performance Standards

On April 11, 2000, the United States Environmental Protection Agency (USEPA) proposed amendments for the Coal Mining Point Source Category to Effluent Limitations Guidelines and New Source Performance Standards at 40 CFR 434. 65 Fed. Reg. 19439 (April 11, 2000). The USEPA proposes to amend the current regulations for the Coal Mining Point Source Category by adding two new subcategories to the existing regulation. First, the USEPA proposes to establish a new subcategory that will address pre-existing discharges at coal remining operations. The USEPA also proposes to establish a second new subcategory that will address drainage from coal mining reclamation areas in the arid and semiarid western United States.

The USEPA predicts that the establishment of new subcategories has the potential to create significant environmental benefits at little or no additional cost to the industry. Establishing the Coal Remining Subcategory will encourage remining activities and will reduce hazards associated with abandoned mine lands. The new subcategory has the potential to significantly improve water quality by reducing the discharge of acidity, iron, manganese, and sulfate from abandoned mine lands.

Comments on the proposed regulation must be received on or before July 10, 2000. For further information contact John Tinger at 202/260-4992; e-mail address: Tinger.John@epa.gov.

USEPA Requests Information on the Criteria for Municipal Solid Waste Landfills: Alternative Liner Performance, Leachate Recirculation, and Bioreactor Landfills

On April 6, 2000, the United States Environmental Protection Agency (USEPA) requested information and data on alternative liner performance, leachate recirculation, and bioreactor landfills. 65 Fed. Reg. 18014 (April 6, 2000). The USEPA requests data and information on the performance of alternative liner designs compared to the performance of composite liners when leachate is recirculated. Provisions in the municipal solid waste landfill (MSWLF) criteria under the Resource Conservation and Recovery Act (RCRA) (42 USC §§ 6901 *et seq.* (1996)) Subtitle D prohibit leachate recirculation at an MSWLF unless the unit has a composite liner as described in the regulations. Recently, various stakeholder groups (*e.g.*, states, local governments, solid waste associations, and industry) have suggested that there are alternative liner designs that would work as well as, if not better than, the specific liner designs currently required by the criteria.

The USEPA also requests data and information on the design and performance of bioreactor landfills. Bioreactor landfills have gained recognition as a possible innovation in solid waste management. The bioreactor landfill is generally defined as a landfill operated to transform and more quickly stabilize the readily and moderately decomposable organic constituents of the waste stream by purposeful control to enhance microbiological processes. Bioreactor landfills often employ liquid addition including leachate recirculation, alternative cover designs, and state-of-the-art landfill gas collection systems.

Comments on leachate recirculation and alternative liner performance must be received by August 7, 2000. Comments on bioreactors must be received by October 6, 2000. For further information contact Dwight Hlustick at 703/308-8647; e-mail address: hlustick.dwight@epamail.epa.gov.

If adopted by the USEPA, the Board will adopt the federal amendments in an upcoming identical-in-substance RCRA Subtitle D Update rulemaking. For further information contact: Michael McCambridge at 312/814-6924; e-mail: mccambm@ipcb.state.il.us

USEPA Expands List of Acceptable Substitutes for Ozone-Depleting Substances Under its Clean Air Act Significant New Alternatives Policy Program

On April 11, 2000, the United States Environmental Protection Agency (USEPA) gave notice that expanded the list of acceptable substitutes for ozone-depleting substances (ODS) in its Significant New Alternatives Policy (SNAP) program. 65 Fed. Reg. 19327 (April 11, 2000).

Section 612 of the Clean Air Act (CAA) (42 USC § 7671k (1996)) authorizes the USEPA to develop SNAP, a program for evaluating alternatives to ozone-depleting substances. Section 612(c) of the CAA requires the USEPA to publish a list of the substitutes for ODS that are unacceptable for specific uses and a corresponding list of acceptable alternatives for specific uses.

A complete list of SNAP decisions and the appropriate *Federal Register* citations can be found at the USEPA's Ozone Depletion World Wide Web site at <http://www.epa.gov/ozone/title6/snap/chron.html>. For further information contact Kelly Davis at 202/564-2303.

USEPA Eliminates Grace Period Provision of the Transportation Conformity Rule Under the Clean Air Act

On April 10, 2000, the United States Environmental Protection Agency (USEPA) eliminated a provision of the transportation conformity rule that was overturned by the United States Court of Appeals for the District of Columbia Circuit in *Sierra Club v. EPA*, 129 F.3d 137 (D.C. Cir. 1997). 65 Fed. Reg. 18911 (April 10, 2000). The final rule formally deletes the 1995 amendment that allowed new nonattainment areas a one-year grace period before transportation conformity began applying. Transportation conformity is a Clean Air Act (CAA) (42 USC §§ 7401 *et seq.* (1996)) requirement for transportation plans, programs, and projects to conform to state air quality plans. Conformity to a

state air quality plan means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national air quality standards. The transportation conformity rule establishes the criteria and procedures for determining whether or not transportation activities conform to the state air quality plan.

The effective date of the final rule is May 10, 2000. For further information contact Denise Kearns at 734/214-4240; e-mail address: kearns.denise@epa.gov. The text of the rulemaking and certain supporting documents used to develop the rule also can be accessed and downloaded from the Internet at <http://www.epa.gov/docs/fedrgstr/EPA-AIR/> or <http://www.epa.gov/OMSWWW>

If amendments are necessary to the Board's air rules, the Illinois Environmental Protection Agency will propose rules for adoption using the Clean Air Act "fast-track" procedures in Section 28.5 of the Environmental Protection Act (415 ILCS 5/28.5 (1998)).

USEPA Proposes to Amend Asbestos Worker Protection Rule

On April 27, 2000, the United States Environmental Protection Agency (USEPA) proposed to modify a previously published proposed rule to amend the Asbestos Worker Protection Rule (WPR) to protect state and local government employees from the health risks of exposure to asbestos to the same extent as private sector workers by adopting for such employees the Asbestos Standards of the Occupational Safety and Health Administration (OSHA). 65 Fed. Reg. 24805 (April 27, 2000).

The modified proposal would expand the WPR's coverage to state and local government employees who are performing construction work, custodial work, and automotive brake and clutch repair work, as opposed to workers solely involved in an asbestos abatement project. The proposed rule would cross-reference the OSHA Asbestos Standards for Construction and for General Industry, so that amendments to these OSHA standards are directly and equally effective for employees covered by the WPR. It would also amend the Asbestos-in-Schools Rule to provide coverage under the WPR for employees of public local education agencies who perform operations, maintenance and repair activities. The USEPA is proposing this rule under Section 6 of the Toxic Substances Control Act (TSCA).

Comments must be received on or before June 26, 2000. Requests that the USEPA hold an informal public hearing must also be received on or before June 26, 2000. If a hearing is requested, the USEPA will publish a notice announcing the informal public hearing in the *Federal Register*. For further general information contact Barbara Cunningham at 202/554-1404; e-mail: TSCA-Hotline@epa.gov. For technical information contact Cindy Fraleigh at 202/260-1537; e-mail: fraleigh.cindy@epa.gov.

IEPA Restricted Status List

In order to comply with 35 Illinois Administrative Code Section 306.401, Illinois Pollution Control Board Regulations, the Illinois EPA has prepared the following list of facilities which are on Restricted Status. Restricted Status is defined as the Agency determination that a sewer or lift station has reached hydraulic capacity or that a sewage treatment plant has reached design capacity, such that additional sewer connection permits may no longer be issued without causing a violation of the Act or Regulations. Please note that the list is continually being revised to reflect the current situation. Therefore, if you have any questions on the capability of a treatment facility or transport system, please contact this Agency for a final determination. This listing reflects the status as of March 31, 2000.

Facility names followed by an asterisk (*) indicates that construction is underway to ultimately alleviate problems which resulted in imposition of Restricted Status. Facilities followed by a double asterisk (**) are additions to the list.

| <u>FACILITY NAME</u> | <u>RESPONSIBLE AUTHORITY</u> | <u>COUNTY</u> | <u>REMAINING CAPACITY</u> |
|---|------------------------------|------------------|---------------------------|
| Bourbonnais (Belle Aire Subd.) | Village of Bourbonnais | Kankakee | 0 |

IEPA Critical Review List

In order to comply with 35 Illinois Administrative Code Section 306.401, Illinois Pollution Control Board Regulations, the Illinois Environmental Protection Agency has prepared the following list of facilities which are on Critical Review. Critical Review as defined as the Agency determination that a sewer or lift station is approaching hydraulic capacity or that a sewage treatment plant is approaching design capacity such that additional sewer connection permit applications will require close scrutiny to determine whether issuance would result in a violation of the Act or Regulations. Please note that these lists are continually being revised to reflect the current situation. Therefore, if you have any questions on the capability of a treatment facility or transport system, please contact the Agency for a final determination. This listing reflects the status as of March 31, 2000.

Facilities followed by a double asterisk (**) are additions to the list.

Adjudicatory Cases

• Decisions

| | | |
|------------|--|----------|
| PCB 95-163 | <u>People of the State of Illinois v. Clark Refining & Marketing, Inc.</u> - In this air, water, and Resource Conservation and Recovery Act enforcement action concerning a facility located in Madison County, Illinois, the Board granted relief from the hearing requirement of Section 31(c)(2) of the Environmental Protection Act (415 ILCS 5/31(c)(2) (1998)), accepted a final stipulation and settlement agreement, and ordered the respondent to pay a civil penalty of \$37,500, and to cease and desist from further violations. | Vote 7-0 |
| PCB 96-240 | <u>People of the State of Illinois v. Rogers O'Hare Motor Terminal Limited and Carolina Freight Carriers Corporation</u> - In this water and underground storage tank enforcement action concerning a facility located in Jefferson County, Illinois, the Board granted relief from the hearing requirement of Section 31(c)(2) of the Environmental Protection Act (415 ILCS 5/31(c)(2) (1998)), accepted a stipulation and settlement agreement, and ordered the respondents to pay a civil penalty of \$17,500, and to cease and desist from further violations. | Vote 7-0 |
| PCB 99-82 | <u>Michael Pawlowski and Diane K. Pawlowski v. David Johansen and Troy Quinley, individually and d/b/a Benchwarmers Pub, Inc.</u> - The Board found that these respondents violated Section 24 of the Environmental Protection Act (415 ILCS 5/24 (1998)) and 35 Ill. Adm. Code 900.102 of the Board's noise pollution control regulations. Respondents were ordered to submit a report prepared by a qualified acoustical consultant detailing sound control methods that can be implemented to alleviate the sound levels and vibrations reaching complainants' residence by June 5, 2000. | Vote 7-0 |

Provisional Variance

| | | |
|------------|--|----------|
| PCB 00-170 | <u>City of Rock Island v. IEPA</u> - Upon receipt of an Illinois Environmental Protection Agency recommendation, the Board granted this Rock Island County facility a 45-day provisional variance, subject to conditions, from the effluent limits set forth in 35 Ill. Adm. Code 304.120 and 304.141(a), and National Pollutant Discharge Elimination System Permit Number IL0030783. | Vote 7-0 |
|------------|--|----------|

Motions and Other Matters

| | | |
|------------|--|----------|
| PCB 96-146 | <u>Heritage Environmental Services, Inc. v. IEPA</u> - The Board granted respondent's motion to dismiss this RCRA permit appeal involving a Cook County facility, and directed the respondent to strike Special conditions (B)(10) and (B)(11) and Attachments 1, 2, & 3 of Section VI (Special Conditions) of petitioner's Resource Conservation and Recovery Act (RCRA) Part B Permit. | Vote 7-0 |
|------------|--|----------|

| | | |
|------------|--|---------------------------------|
| PCB 99-69 | <u>Land and Lakes Company v. Randolph County Board of Commissioners</u> - The Board denied both parties' motions for summary judgment and directed that this matter proceed to hearing. | Vote 6-1 McFawn dissented |
| PCB 00-115 | <u>People of the State of Illinois v. Yetter Manufacturing Company, Inc.</u> - Upon receipt of a proposed stipulation and settlement agreement and an agreed motion to request relief from the hearing requirement in this air enforcement action involving a facility located in McDonough County, the Board ordered publication of the required newspaper notice. | Vote 7-0 |
| PCB 00-120 | <u>Wholesale Oil Company (Belmont) v. IEPA</u> - The Board dismissed this underground storage tank appeal for petitioner's failure to timely file an amended petition, as ordered on February 3, 2000, and dismissed respondent's motion to dismiss as moot . | Vote 6-0 Melas abstained |
| PCB 00-128 | <u>Apple Chevrolet v. IEPA</u> - Having previously granted a request for a 90-day extension, the Board dismissed this matter because no underground storage tank appeal was timely filed on behalf of this Cook County facility. | Vote 7-0 |
| PCB 00-136 | <u>People of the State of Illinois v. Sullivan Marina and Campground, L.L.C.</u> - Upon receipt of a proposed stipulation and settlement agreement and an agreed motion to request relief from the hearing requirement in this water enforcement action involving a facility located in Moultrie County, the Board ordered publication of the required newspaper notice. | Vote 7-0 |
| PCB 00-156 | <u>People of the State of Illinois v. Kenneth Minor and Keith Minor, individually and d/b/a Motorsport Park, and Moto Sports, Inc.</u> - The Board accepted for hearing this water enforcement action against this Will County facility. | Vote 7-0 |

Adjusted Standard

| | | |
|---------|---|----------|
| AS 00-4 | <u>In the Matter of: Petition of Takasago Corporation (U.S.A.) for an Adjusted Standard from 35 Ill. Adm. Code 302.208 and 304.105</u> - The Board denied petitioner's request for an adjusted standard from 35 Ill. Adm. Code 302.208 and 304.105, finding the requested relief unnecessary. | Vote 5-0 |
|---------|---|----------|

Administrative Citations

| | | |
|----------|---|----------|
| AC 99-36 | <u>County of Will v. Maureen Fee</u> - The Board granted complainant's motion to vacate the May 6, 1999 Board order on the grounds of County service of the wrong person, and dismissed this matter. | Vote 5-0 |
| AC 00-68 | <u>Will County v. Oscar Smith</u> - The Board found that this Will County respondent violated Sections 21(p)(1) and 21(p)(3) of the Act (415 ILCS 5/21(p)(1), 21(p)(3) (1998)), and ordered respondent to pay a civil penalty of \$3,000. | Vote 5-0 |
| AC 00-71 | <u>IEPA v. Opal Bresnahan</u> - The Board found that this Warren County respondent violated Section 21(p)(1) of the Act (415 ILCS 5/21(p)(1) (1998)), and ordered respondent to pay a civil penalty of \$1,500. | Vote 5-0 |
| AC 00-72 | <u>IEPA v. Carl White</u> - The Board accepted for hearing this petition for review of an administrative citation against this Jefferson County respondent. | Vote 5-0 |

Adjudicatory Cases

• Decisions

| | | |
|------------|--|----------|
| PCB 97-59 | <u>People of the State of Illinois v. Rockford Speedway, Inc.</u> - In this land enforcement action concerning a facility located in Winnebago County, Illinois, the Board granted relief from the hearing requirement of Section 31(c)(2) of the Environmental Protection Act (415 ILCS 5/31(c)(2) (1998)), accepted a final stipulation and settlement agreement, and ordered the respondent to pay a civil penalty of \$8,000, and to cease and desist from further violations. | Vote 5-0 |
| PCB 00-115 | <u>People of the State of Illinois v. Yetter Manufacturing Company, Inc.</u> - In this air enforcement action concerning a facility located in McDonough County, Illinois, the Board granted relief from the hearing requirement of Section 31(c)(2) of the Environmental Protection Act (415 ILCS 5/31(c)(2) (1998)), accepted a final stipulation and settlement agreement, and ordered the respondent to pay a civil penalty of \$5,000, and to cease and desist from further violations. | Vote 5-0 |

Motions and Other Matters

| | | |
|-----------------------------------|--|----------|
| PCB 94-176 | <u>ESG Watts, Inc. v. IEPA</u> -The Board granted respondent's motion for partial-summary judgment and affirmed respondent's denial an operating permit for Area 2 of the Sangamon Valley Landfill, closing the docket. | Vote 5-0 |
| PCB 95-41 PCB 95-74 (Cons.) | <u>Kalo Gasoline Company v. IEPA</u> - The Board granted petitioner's motion for voluntary dismissal of these underground storage tank appeals involving a Cook County facility. | Vote 5-0 |
| PCB 95-170 | <u>People of the State of Illinois v. Environmental Control and Abatement, Inc.</u> - No action taken. | Vote 5-0 |
| PCB 96-119 | <u>People of the State of Illinois v. We Shred It, Inc.</u> - The Board accepted the notices of withdrawal of various counsel for respondent over complainant's objection, to withdrawal of appearance for respondent and ordered this matter to proceed to hearing as scheduled in Christian County. | Vote 5-0 |
| PCB 96-146 | <u>Heritage Environmental Services, Inc. v. IEPA</u> - Having granted respondent's motion to dismiss on April 6, 2000, the Board denied as moot respondent's motion for leave to file a reply to petitioner's response to respondent's motion to dismiss. | Vote 5-0 |
| PCB 97-207 | <u>People of the State of Illinois v. Inspiration Development Company</u> - Upon receipt of a proposed stipulation and settlement agreement and an agreed motion to request relief from the hearing requirement in this air and land enforcement action involving a facility located in Jo Daviess County, the Board ordered publication of the required newspaper notice. | Vote 5-0 |

| | | |
|------------|--|----------------------------------|
| PCB 98-162 | <u>People of the State of Illinois v. Judy Davis</u> - Upon receipt of a proposed stipulation and settlement agreement and an agreed motion to request relief from the hearing requirement in this air and land enforcement action involving a facility located in Henry County, the Board ordered publication of the required newspaper notice. | Vote 5-0 |
| PCB 00-49 | <u>Chiquita Processed Foods, f/k/a Owatonna Canning Company, L.L.C. v. IEPA</u> - The Board granted complainant's motion for voluntary dismissal of this permit appeal involving a Peoria County facility. | Vote 5-0 |
| PCB 00-102 | <u>People of the State of Illinois v. Babson Brothers Company</u> - The Board granted complainant's motion for summary judgment and awarded the requested cost in the amount of \$29,580 for the Illinois Environmental Protection Agency's review and evaluation services for removal and remediation at respondent's Kane County site. | Vote 5-0 |
| PCB 00-119 | <u>Wholesale Oil Company (Laflin) v. IEPA</u> - Having previously granted a request for a 90-day extension, the Board dismissed this matter because no underground storage tank appeal was timely filed on behalf of this Cook County facility. | Vote 4-0 Melas abstained |
| PCB 00-126 | <u>Westown Land Trust v. IEPA</u> - Having previously granted a request for a 90-day extension, the Board dismissed this matter because no underground storage tank appeal was timely filed on behalf of this Jackson County facility. | Vote 5-0 |
| PCB 00-127 | <u>People of the State of Illinois v. Dayne Rogers, an individual, Black Gold International, and Crosby & Associates, P.C.</u> - The Board granted respondent Crosby & Associates' motion to dismiss it as a respondent in this action involving a Winnebago County Site. | Vote 5-0 |
| PCB 00-133 | <u>John M. Giertych, Oak Ridge Property Owners v. Tyson Corporation</u> - The Board denied respondents' motion to dismiss in this citizen noise enforcement action involving a Kankakee County facility. The Board found that this complaint was not duplicitous or frivolous, and accepted it for hearing, correcting the caption on its own motion as indicated. | Vote 5-0 |
| PCB 00-140 | <u>Gladys L. Knox and David A. Knox v. Turris Coal Company and AEI Resources, Inc.</u> The Board denied respondents' motion to dismiss this citizen noise enforcement action involving a Sangamon County facility. The Board found that this complaint was not duplicitous or frivolous, and accepted it for hearing. | Vote 4-0 Manning abstained |
| PCB 00-148 | <u>Wayne and Sonja Hall v. Richard L. Miller and Mary J. Miller d/b/a R&M Metals</u> - The Board found that this complaint was not duplicitous or frivolous, and accepted it for hearing in this citizen noise enforcement action involving a Douglas County facility. | Vote 5-0 |
| PCB 00-153 | <u>Frank Gentile v. IEPA</u> - The Board denied this DuPage County petitioner's request for a 90-Day extension but accepted petitioner's letter requesting an extension of the 35-day appeal time period as a petition for review, ordering petitioner to file an amended petition or the action would be subject to dismissal. | Vote 5-0 |
| PCB 00-154 | <u>Kathryn Cooper v. City of Fairfield</u> - The Board held for a later duplicitous/frivolous determination this citizen air enforcement action involving a Wayne County facility. | Vote 5-0 |

| | | |
|------------|--|----------|
| PCB 00-155 | <u>Robert Lichtenberger and Wilma Lichtenberger v. City of Fairfield</u> The Board held for a later duplicitous/frivolous determination this citizen air enforcement action involving a Wayne County facility. | Vote 5-0 |
| PCB 00-164 | <u>Kenneth R. Boster v. City of Fairfield</u> - The Board accepted for hearing this air enforcement action against this Wayne County facility. | Vote 5-0 |
| PCB 00-171 | <u>People of the State of Illinois v. City of Charleston</u> - The Board accepted for hearing this water enforcement action against this Coles County facility. | Vote 5-0 |
| PCB 00-172 | <u>People of the State of Illinois v. Envirofil of Illinois, Inc.</u> - The Board accepted for hearing this land and water enforcement action against this McDonough County facility. | Vote 5-0 |
| PCB 00-173 | <u>7361-63 West North Avenue Building Partnership v. IEPA</u> - The Board granted this request for a 90-day extension of time to file an underground storage tank appeal on behalf of this Cook County facility. | Vote 5-0 |
| PCB 00-174 | <u>Standard Bank & Trust Company as Trustee and Derk Ball, Sr. v. IEPA</u> - The Board accepted for hearing this underground storage tank appeal involving a Cook County facility. | Vote 5-0 |
| PCB 00-175 | <u>Dersch Energies, Inc. v. IEPA</u> - The Board granted this request for a 90-day extension of time to file an underground storage tank appeal on behalf of this Wabash County facility. | Vote 5-0 |

New Cases

April 6, 2000 Board Meeting

00-153 Frank Gentile v. IEPA - No action taken.

00-154 Kathryn Cooper v. City of Fairfield - The Board held for a later duplicitous/frivolous determination this citizen air enforcement action involving a Wayne County facility.

00-155 Robert Lichtenberger and Wilma Lichtenberger v. City of Fairfield - The Board held for a later duplicitous/frivolous determination this citizen air enforcement action involving a Wayne County facility.

00-156 People of the State of Illinois v. Kenneth Minor and Keith Minor, individually and d/b/a Motorsport Park, and Moto Sports, Inc. - The Board accepted for hearing this water enforcement action against this Will County facility.

00-158 ESG Watts, Inc. (Viola Landfill) v. IEPA - The Board accepted for hearing this permit appeal involving a Mercer County facility.

00-159 ESG Watts, Inc. (Taylor Ridge/Andalusia Landfill) v. IEPA - The Board accepted for hearing this permit appeal involving a Rock Island County facility.

00-160 ESG Watts, Inc. (Sangamon Valley Landfill) v. IEPA - The Board accepted for hearing this permit appeal involving a Sangamon County facility.

00-161 People of the State of Illinois v. Home State Bank, N.A., as Trustee of Trust No. 1466 and Ethyl A. Veugeler as the Beneficiary of Trust No. 1466 - The Board accepted for hearing this land enforcement action against this McHenry County facility.

00-162 1625 Waukegan Limited Partnership v. IEPA - The Board granted this request for a 90-day extension of time to file a site remediation program appeal on behalf of this Cook County facility.

00-163 David & Jacquelym McDonough v. Gary Robke - The Board held for a later duplicitous/frivolous determination this citizen noise enforcement action involving a Clinton County facility.

00-164 Kenneth R. Boster v. City of Fairfield - The Board held for a later duplicitous/frivolous determination this citizen air enforcement action involving a Wayne County facility.

00-165 People of the State of Illinois v. David Cohen, d/b/a Dave's Auto Repair and Service - The Board accepted for hearing this underground storage tank enforcement action against this Lake County facility.

00-166 People of the State of Illinois v. AutoResearch Laboratories, Inc. - Upon receipt of a proposed stipulation and settlement agreement and an agreed motion to request relief from the hearing requirement in this air enforcement action involving a facility located in Cook County, the Board ordered publication of the required newspaper notice.

00-167 Bond County Community School District v. IEPA - The Board granted this request for a 90-day extension of time to file a underground storage tank appeal on behalf of this Bond County facility.

00-168 Interstate Brands Corporation v. IEPA - The Board granted this request for a 90-day extension of time to file a underground storage tank appeal on behalf of this Sangamon County facility.

00-169 Estate of Robert Behrends v. IEPA - The Board granted this request for a 90-day extension of time to file a underground storage tank appeal on behalf of this Logan County facility.

00-170 City of Rock Island v. IEPA - Upon receipt of an Illinois Environmental Protection Agency recommendation, the Board granted this Rock Island County facility a 45-day provisional variance, subject to conditions, from the effluent limits set forth in 35 Ill. Adm. Code 304.120 and 304.141(a), and National Pollutant Discharge Elimination System Permit Number IL0030783.

AC 00-71 IEPA v. Opal Bresnahan - The Board accepted an administrative citation against this Warren County respondent.

AC 00-73 IEPA v. Landfill 33, Ltd., and Richard Deibel - The Board accepted an administrative citation against these Effingham County respondents.

AC 00-74 IEPA v. William J. Heap and H&G Construction, Inc. - The Board accepted an administrative citation against these McDonough County respondents.

AC 00-75 IEPA v. Wayne Williams and Zora Williams - The Board accepted an administrative citation against these Peoria County respondents.

AS 00-11 In the Matter of: Petition of BEMA Film Systems, Inc. for an Adjusted Standard from 35 Ill. Adm. Code Sections 218.401(a), (b) and (c) ("Flexographic Printing Rule") - The Board accepted for hearing this request for an adjusted standard from the volatile organic material emission control requirements found at 35 Ill. Adm. Code 218.401(a), (b), and (c), on behalf of a DuPage County facility.

AS 00-12 In the Matter of: Petition of VONCO Products, Inc. for an Adjusted Standard from 35 Ill. Adm. Code Sections 218.401(a),(b) and (c)(the "Flexographic Printing Rule") - The Board accepted for hearing this request for an adjusted standard from the volatile organic material emission control requirements found at 35 Ill. Adm. Code 218.401(a), (b), and (c), on behalf of a Lake County facility.

AS 00-13 In the Matter of: Petition of Formel Industries, Inc. for an Adjusted Standard from 35 Ill. Adm. Code Sections 218.401(a),(b) and (c)(the "Flexographic Printing Rule") - The Board accepted for hearing this request for an adjusted standard from the volatile organic material emission control requirements found at 35 Ill. Adm. Code 218.401(a), (b), and (c), on behalf of a Cook County facility.

AS 00-14 In the Matter of: Petition of Heritage Environmental Services, Inc. for an Adjusted Standard from 35 Ill. Adm. Code 702.126(d)(1) - The Board held this matter pending receipt of the certificate of publication in this petition for an adjusted standard from the Resource Conservation and Recovery Act certification requirements found at 35 Ill. Adm. Code 702.126(d)(1), on behalf of a Lake County facility.

April 20, 2000 Board Meeting

00-171 People of the State of Illinois v. City of Charleston - The Board accepted for hearing this water enforcement action against this Coles County facility.

00-172 People of the State of Illinois v. Envirofil of Illinois, Inc. - The Board accepted for hearing this land and water enforcement action against this McDonough County facility.

00-173 7361-63 West North Avenue Building Partnership v. IEPA - The Board granted this request for a 90-day extension of time to file an underground storage tank appeal on behalf of this Cook County facility.

00-174 Standard Bank & Trust Company as Trustee and Derk Ball, Sr. v. IEPA - The Board accepted for hearing this underground storage tank appeal involving a Cook County facility.

00-175 Dersch Energies, Inc. v. IEPA - The Board granted this request for a 90-day extension of time to file an underground storage tank appeal on behalf of this Wabash County facility.

AC 00-76 IEPA v. Knox County Landfill Committee d/b/a Knox County Landfill #3, and Thomas D. Wagher, an Individual - The Board accepted an administrative citation against these Knox County respondents.
