ORDER OF THE BOARD (by E. Dunham):

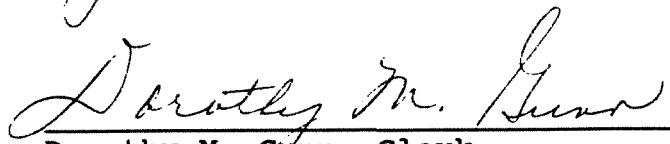

A hearing in this matter was held on February 4, 1993, in Peoria, Illinois. At hearing, counsel for the Illinois Environmental Protection Agency (Agency) indicated that all outstanding matters had been resolved and that the parties had entered a stipulation agreement. However, there has been no additional action before the Board since the hearing.

The Board notes that Sherex Chemical Company (Sherex) has granted a waiver of the decision deadline to and including January 30, 1994. Accordingly, this matter must be decided at the Board's meeting on January 20, 1994 unless an additional waiver of the decision deadline is filed. If an additional waiver of the deadline is not received before the Board's next scheduled meeting, the Board will decide this matter based on the limited record.

The Board directs the parties to file status reports before January 14, 1994, indicating any remaining issues in this matter and an anticipated schedule for completion of this matter along with an appropriate waiver of the decision deadline to accommodate that schedule.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 6<sup>th</sup> day of January, 1994, by a vote of 7-0.
