ORDER OF THE BOARD (by C. A. Manning):

This matter is before the Board on a joint status report filed on June 1, 1993, by the Illinois Environmental Protection Agency (Agency) and Olin Corporation.

The parties state that they are continuing negotiation in the hope that the instant proceeding may be dismissed. They also report that the Agency has communicated to Olin what form a request for Class III modification must take and that the parties have agreed to meet and attempt to negotiate a readily approvable modification request. Finally, they report that Olin agrees to submit a readily approvable modification request to the Agency in an expeditious manner.

The Board notes that Olin has extended its waiver of the decision deadline for an additional ninety days making the due date for this case February 17, 1994.

In the event that this case has not been dismissed, the parties are hereby ordered to file their next status report on or before September 3, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3rd day of June, 1993, by a vote of 6-0.
