Respondent.	)	

ORDER OF THE BOARD (by M. Nardulli):

This matter comes before the Board on a petition filed on November 4, 1991. On June 6, 1993, Board directed the parties, in accordance with the Hearing Officer's order, to file a status report on or before September 15, 1993. On October 6, 1993, Ashland filed a motion to file status report instanter, an amended waiver of the decision date in this matter and a status report.

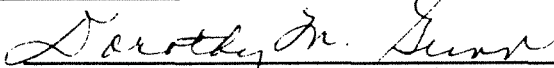

Petitioner supports the motion to file instanter by stating that the status report filing was delayed to allow Ashland to submit its detailed draft corrective action plan to the Agency and determine a time frame for Agency review. Petitioner states that the Agency has no objection to the motion to file report instanter. The motion to file instanter is hereby granted.

Petitioner reports that on September 27, 1993, Ashland submitted to the Agency a revised corrective action plan and included a comprehensive report on the current status of the facility as well as the intended corrective action activities. Petitioner states that the parties believe that all remaining issues can be resolved within 120 days. Petitioner reports that counsel for the Agency has reviewed the status report submitted to the Board and has no objection to its contents. In addition, petitioner has waived the decision due date in this matter until June 3, 1994.

The parties are directed to file a status report with the Board concerning this matter on or before February 7, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 7<sup>th</sup> day of October, 1993, by a vote of 7-0.
