ORDER OF THE BOARD (by E. Dunham):

On July 11, 1994, Safety-Kleen Corp. (Safety-Kleen) filed a status report pursuant to the Board's order. The status report indicates that Safety-Kleen has met with the Illinois Environmental Protection Agency (Agency) to discuss resolution of this appeal. Safety-Kleen has submitted additional information to the Agency and anticipates that a permit will be issued by the Agency in the next few months.

The Board is supportive of the parties' attempts to negotiate a resolution to this matter. However, the Board will not indefinitely delay substantive action on this case. We will, however, continue the matter for an additional 45 days, in an effort to allow completion of the negotiations. The Board directs Safety-Kleen and the Agency to file status reports (or a joint status report, if the parties prefer) no later than September 2, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21st day of July, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
