ORDER OF THE BOARD (by M. Nardulli):

This matter is before the Board on two status reports. Pursuant to our July 1, 1993 order, petitioner filed its status report on September 1, 1993. The Illinois Environmental Protection Agency (Agency) filed its status report on September 3, 1993. Petitioner states that the Agency is currently completing a proposed modified NPDES permit for petitioner's Cordova facility. The Agency notes that the NPDES permit requires the concurrence of the State of Iowa, and states that the proposed permit has been sent to Iowa, which has verbally concurred with the permit. The Agency states that as soon as the permit is returned by Iowa, the permit will be issued. Petitioner anticipates that it will withdraw this appeal when the modified permit becomes final.

The Board accepts the two status reports. Petitioner and the Agency are directed to file updated status reports no later than December 1, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 9th day of September, 1993, by a vote of 7-0.
