ORDER OF THE BOARD (by J. Theodore Meyer):

This matter is before the Board on its own motion. On June 21, 1993, the Board held a hearing in this matter. At hearing, counsel for the Illinois Environmental Protection Agency (Agency) submitted a joint motion for continuance, stating that petitioner Safety-Kleen had filed both parts of its RCRA Part B application with the Agency, and that the Agency anticipated issuing a draft permit "later this month". The Agency attorney stated that the parties anticipated that Safety-Kleen would be able to dismiss this matter in 90 days. The hearing officer and the Agency attorney then agreed that there would be a conference call between the parties and the hearing officer in 60 days. However, no further action has been taken in this case.<sup>1</sup>

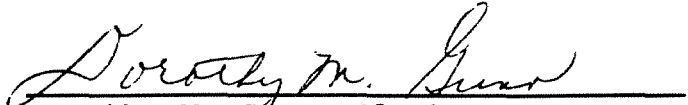

The Board directs Safety-Kleen and the Agency to file status reports (or a joint status report, if the parties prefer), setting forth the anticipated date of resolution of this matter. That status report or reports shall be filed with the Board no later than March 9, 1994.

IT IS SO ORDERED.

---

<sup>1</sup> On November 19, 1993, the parties filed a document entitled "Joint Motion for Continuance of Hearing" in this case. However, no hearing was scheduled in this case, and therefore no ruling on this motion is necessary. We note that there was a December 6, 1993 hearing scheduled in another appeal brought by Safety-Kleen. (Safety-Kleen Corp. v. Illinois Environmental Protection Agency, PCB 93-138.) The Board today issued a separate order in that case.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17<sup>th</sup> day of February, 1994, by a vote of 6-0.
