ORDER OF THE BOARD (by C.A. Manning):

This matter is before the Board on a joint status report filed February 16, 1994 by the parties to this five-year-old permit appeal. In the report, the parties indicate they have agreed on a means of resolving the RCRA permit appeal. Olin has agreed to request a permit modification and also agreed that concurrent with the permit modification request, it will amend its Part B application to conform to the most recent Agency Guidance document and update the application to incorporate all modification since the permit application was filed in November, 1990.

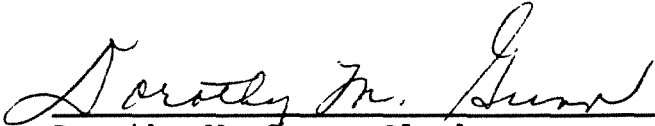

Olin and the Agency represent that the changes in the revised application are lengthy and detailed, and therefore completion of the revised application and the concurrent permit modification request have been delayed. Moreover, the parties expect to resolve any remaining issues by mutual agreement and that a final Part B permit will be issued, resulting in dismissal of this appeal.

The Board finds the status report acceptable. In that a decision deadline waiver until May 1, 1995 has been filed, parties are directed to file an additional status report either on or before Monday, July 25, 1994, or within 14 days after the final Part B permit is issued, whichever comes first.

On February 16, 1994, Amy L. Wachs, counsel on behalf of Olin filed a motion for leave to appear before the Board in this matter. Ms. Wachs is a partner in the law firm of Husch & Eppenberger of St. Louis, Missouri and is licensed to practice in the State of Missouri. Pursuant to 35 Ill. Adm. Code Section 101.107(b), the motion is hereby allowed, and Ms. Wachs is granted leave to appear before the Board in this matter.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 3<sup>rd</sup> day of March, 1994, by a vote of 6-0.
