ORDER OF THE BOARD (by J. C. Marlin):

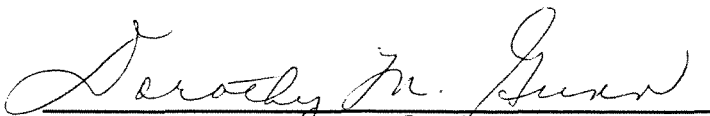

This matter comes before the Board on a petition filed on June 12, 1991. On February 25, 1993, the Board directed the parties to file a status report on or before March 25, 1993, concerning the status of this matter. On March 23, 1993, Safety-Kleen filed a status report with the Board. Safety-Kleen stated that the parties met on December 11, 1992, and that they are making progress towards resolving this matter. The parties plan to use the framework they are developing for resolving this matter to resolve pending closures appeals for Safety-Kleen's Pekin facility (PCB 92-29), the Schaumburg facility (PCB 92-136) and Arlington Heights (PCB 92-126).

On March 25, 1993, the Agency filed a status report pursuant to the Board's February 25, 1993 order. The report indicated that the parties were making progress towards the conclusion of this matter. The Agency proposes to file another status report within 30 days.

The Agency is directed to file a status report to be received by the Board no later than May 10, 1993, concerning the status of this matter and the related matters.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 8th day of April, 1993, by a vote of 6-0.
