v. ) PCB 91-234  
 ) (Permit Appeal)  
ILLINOIS ENVIRONMENTAL )  
PROTECTION AGENCY, )  
 )  
Respondent. )

ORDER OF THE BOARD (by J. C. Marlin):

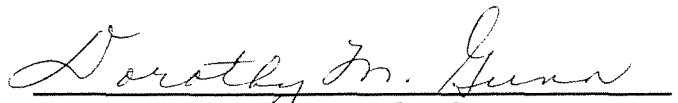

On April 1, 1993, the parties filed a joint status report in accordance with the Board's order of January 21, 1993. They report that the parties have reached an understanding on all issues presented in the operating permit appeal with the exception of one item for which the Agency has requested additional information. The parties met on February 18, 1993 to discuss the one outstanding appeal issue, and the Agency outlined the supplemental information it would like Safety-Kleen to provide. Safety-Kleen has agreed to provide that material within the next several weeks as it is developed.

Based on their meeting of February 18th, the parties believe that the submission of additional materials will lead to the resolution of the last appeal issue. Safety-Kleen states that it will then be in a position to voluntarily withdraw this appeal upon the issuance of a revised operating permit by the Agency.

The parties are directed to file an updated status report on or before July 12, 1993, in the event this appeal has not been dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 8th day of April, 1993, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
