Opinion and Order of the Board (by Mr. Currie):

This petition sought a limited time extension to bring a liquid waste treatment facility into compliance with regulations, alleging that a strike had interfered with the scheduled completion of the project. We are informed, however, that the petitioner is now in compliance with the regulation and wishes to withdraw its petition. There is thus nothing before us for decision, and the petition is dismissed upon the petitioner's motion.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this 27 day of September , 1971.
