Order of the Board:

This petition seeks permission to connect several new homes to a sewer tributary to inadequate sewage treatment facilities in the North Shore Sanitary District. It does not allege sufficient facts to enable us to grant the variance, even if all the facts alleged were proved. As in two cases recently dismissed (Waukegan Park Dist. v. EPA, # 71-266 (Sept. 16, 1971); Lake County School Dist. # 64 v. EPA, # 71-267 (Sept. 16, 1971), we dismiss with leave to file a new petition alleging facts that will bring the case within our precedents or otherwise qualify for extraordinary relief. See, e.g., Wachta v. EPA, # 71-77 (July 12, 1971); Wagnon v. EPA, # 71-85 (July 19, 1971); Ciancio v. EPA, # 71-100 (August 2, 1971).

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Order this 27 day of September, 1971.
