ORDER OF THE BOARD (by J. Theodore Meyer):

On September 16, 1992, Amoco filed a status report, as ordered by the Board on June 23, 1992. Amoco reports that it has reviewed the draft NPDES permit prepared by the Illinois Environmental Protection Agency (Agency), and had a telephone conference with the Agency regarding the applicability of the monthly averaging standard. Amoco states that the Agency has agreed to revisit that issue, provided that Amoco locates "an appropriate regulatory standard" exempting Amoco from the monthly averaging standard. Amoco is in the process of researching the monthly averaging standard in preparation for further negotiations with the Agency.

Amoco is directed to file an updated status report on or before November 15, 1992. The Board expects that that report will show substantial additional progress, or resolution. The Board notes that the decision deadline in this permit appeal is February 4, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 1st day of October, 1992, by a vote of 7-0.
