No. 405

May 23, 1990

## BOARD SENDS AMENDED AIR TOXICS PROPOSAL TO FIRST NOTICE (R90-1)

On April 26, 1990 the Board accepted the amended air toxics regulatory proposal of the Illinois Environmental Protection Agency and, after non-substantive review, sent it to First Notice. The proposal, as amended, lists 84 air toxics emitted in Illinois. A prior proposal listed 108. The amended proposal also provides for maintaining a list of potential toxic air contaminants in Illinois.

The Board has noted that this proposal is exempted from the economic impact study requirements at the direction of the legislature. There will be a 45-day written public comment period beginning on the date of publication of the proposal in the Illinois Register. Publication is scheduled for early May. Copies of the Board's First Notice Opinion and Order are available upon request from the Clerk of the Board. Hearings are presently scheduled for June 25 and 26, 1990 beginning at 9:00 a.m. in the Municipal Building, City Council Chambers, Seventh and Monroe Streets in Springfield, Illinois. Questions on this proposal may be directed to Mark P. Miller at 217/333-5574. Additions to the notice list for future mailings may also be made by calling this number.

## BOARD ADOPTS NEW PROCEDURAL RULES FOR RULEMAKINGS

On May 10, 1990, the Board adopted new procedural rules for regulatory proceedings. This docket (R88-5(B)) includes new rules for all Board rulemakings (35 Ill. Adm. Code 102), the repeal of the existing regulatory procedural rules, and non-substantive changes to Subparts D, E, and F of 35 Ill. Adm. Code 106 (Hearings Pursuant to Specific Rules). Among other things, the new regulatory procedural rules govern the required contents of a regulatory

proposal, address the Board's economic impact study determinations, provide for a challenge to an Illinois Environmental Protection Agency certification that a proposed rule is federally required pursuant to Section 28.2 of the Environmental Protection Act, and establish procedures for pre-hearing conferences.

These new rules will become effectively immediately upon filing with the Secretary of State's Administrative Code Unit. The Board expects that this filing will be completed this month. (The new rules will also be published in the Illinois Register.) **When the rules are filed and effective, the Board will begin to implement the rules immediately. The new rules will be applied to all pending rulemakings to the extent reasonably practicable, as well as to all rulemakings filed with the Board after the effective date of these rules.** The Board's final opinion and order is available upon request of the Clerk's office. Specific questions may be directed to Elizabeth S. Harvey at 312/814/6921.

## BOARD PROPOSES FOURTH AMENDED PROPOSAL OF ABBOTT LABS FOR FIRST NOTICE

The Board proposed for First Notice the text of the Fourth Amended Proposal filed by Abbott Laboratories on a Joint Motion May 8, 1990. Abbott filed this Fourth Amended Proposal as a result of ongoing discussions between Abbott, the Agency and the U.S. Environmental Protection Agency. The proposal would amend various of the Board rules that apply to volatile organic material emissions from the pharmaceutical manufacturing industry. The Board has held three public hearings in this matter to date. Two additional hearings are scheduled for June 27, 1990, in Chicago, and June 28, 1990, in Waukegan.

The Board proposed the amendments without passing on the merits of the proposed amendments. However, the Board has revised the text of the amendments to comply with the Illinois Administrative Code format requirements, as set forth in 1 Ill. Adm. Code 100. The Board has also added amendments to 35 Ill. Adm. Code 215.105: incorporations by reference included in the Fourth Amended Proposal in Sections 215.108 and 215.480 and certain narrow updates of existing incorporations. Section 215.105 is the Board's central listing of incorporations by reference in Part 215. The Board has not otherwise altered the text as proposed by Abbott.

## BOARD GRANTS SITE-SPECIFIC RELIEF FROM CSO REGULATIONS TO CITY OF HAVANA IN R88-25

### BOARD MEETING SCHEDULE FOR FISCAL YEAR 1990/1991

1990	1991
July 6, 19	January 10, 24
August 9, 30	February 7, 28
September 13, 27	March 14, 28
October 11, 25	April 11, 25
November 8, 29	May 9, 23
December 20	June 6, 20

On May 10, 1990, the Board adopted its Final Notice Opinion and Order in R88-25 granting the City of Havana site-specific relief from the Board's combined sewer overflow regulations set forth at 35 Ill. Adm. Code 306.305(a) and 306.306(c). For further information contact Karen Rosenwinkel at (312) 814-3665.

#### **BOARD ACCEPTS USED AND WASTE TIRES REGULATIONS AND SENDS TO FIRST NOTICE (R90-9)**

On April 26, 1990, the Board accepted, after non-substantive review, the Illinois Environmental Protection Agency's (Agency) proposal for regulating used and waste tires and sent it to First Notice. This proposal sets forth provisions for the regulation of processing, transportation, disposal and storage of used and waste tires, including enforcement and financial assurance mechanisms. Section 55.2 of the Illinois Environmental Protection Act specifies that the Board adopt such a proposal within one year of receipt of proposed regulations.

The Board will accept comments on the advisability of requesting that the Department of Energy and Natural Resources perform an economic impact study until May 12, 1990. Additionally, there will be a 45-day written public comment period beginning on the date of publication in the Illinois Register. (That publication is scheduled for early May.)

Hearings are presently scheduled for June 22, 1990 in Room 8-031, State of Illinois Center, 100 W. Randolph Street, Chicago, Illinois. The Agency proposal is subject to modification based on testimony and comments received during the comment and hearing process. Copies of the Board's First Notice Opinion and Order are available upon request from the Clerk of the Board. Questions on this proposal may be directed to Mark P. Miller at 217/333-5574. Additions to the notice list for future mailings may also be made by calling this number.

#### **BOARD ADOPTS EMERGENCY AMENDMENTS TO GASOLINE VOLATILITY**

On March 22, 1990, the Board adopted an Opinion and Order in R88-30(A). The Order adopted an emergency amendment to its rule which regulates gasoline volatility in 35 Ill. Adm. Code 215. The amendment adds provisions requested by the United States Environmental Protection Agency (USEPA). On March 16, 1990, the USEPA filed a motion for reconsideration of the Board's February 15, 1990, Opinion and Order which adopted the regulations for gasoline volatility. Generally, the reduction of volatile organic material emissions estimated to result from the operation of the gasoline volatility rule is approximately 200 tons per day in the Chicago metropolitan area. The motion, by the USEPA, stated that the rule as adopted on February 15 was "defective" and the USEPA would disapprove the incorporation of this rule into the State's plan. The USEPA required the addition of language which specified that upon approval of an alternative test method or procedure the test method or procedure must be submitted to USEPA for approval as well. In addition, the USEPA required that the ASTM test method used to measure RVP include a clause that it is also known as the "dry method". The Board adopted these changes and the rule appeared in the April 27, 1990, Illinois Register and became effective on April 11, 1990. The rule will be in effect for 150

days. Questions regarding this rulemaking should be directed to Marie Tipsord (312) 814-4925.

#### **BOARD ADOPTS FINAL OPINION AND ORDER IN RACT DEFICIENCIES (R89-16)**

On May 10, 1990 the Board adopted a Final Opinion and Order in R89-16(A) which amends 35 Ill. Adm. Code 211 and 215. The Board adopted these amendments which will become a part of the State's Implementation Plan to cure deficiencies cited by the United States Environmental Protection Agency (USEPA) in the RACT program. This rulemaking has its inception, in part, in the settlement agreement submitted to resolve the lawsuit of Wisconsin v. Reilly. The State of Illinois agreed that it would submit to the USEPA some or all of the RACT rules and RACT rule improvements specified for Illinois. The Illinois Environmental Protection Agency (Agency) proposed these amendments to the Board on September 29, 1989 and specified that these amendments were "required rules" under Section 28.2 of the Environmental Protection Act. The adopted rule reflects only certain amendments which were proposed by the Agency; the remaining amendments have been placed in a subdocket (B). The amendments that the Board adopted include a definition for "Volatile Organic Material Content (VOMC)" and "Automobile or Light Duty Truck Refinishing". Also included are new ASTM Test Methods and provisions specifying that the Agency must use data comparing performance. The rule further includes provisions for emissions testing, measurement of seal gaps and testing methods for VOMC. Questions regarding this docket should be directed to Marie Tipsord (312) 814-4925

#### **SOURCES OF PRINTED REGULATIONS**

Updated versions of the Board's environmental regulations are periodically printed by the Illinois Environmental Protection Agency and are available upon request. Each copy contains a statement giving the cut off date for included regulatory changes.

Environmental Regulations Update Service of Springfield provides a frequently updated subscription service for Board regulations. This commercial service, consists of two three ring binders. Updated replacement pages are provided on as needed basis for the Environmental Protection Act as well as all Board Regulations. The service includes identical in substance regulations and provides a change sheet allowing the user to follow all modifications to the rules. An Environmental Watch Newsletter is also included. The service costs \$250.00, and can be ordered through:

Environmental Regulations Update Service  
P.O. Box 9132  
Springfield, Illinois 62791  
(217) 522-5512 or (217) 787-7328

The BNA Environmental Reporter provides a periodically updated book of regulations covering the 50 states. It is available from:

B.N.A. Environmental Reporter  
1231 25th Street N.W.  
Washington, D.C. 20016  
(301) 258-1033

#### BOARD AND STAFF ACTIVITIES

Chairman Marlin spoke to five classes at Palatine High on April 27th. The Chairman talked about general environmental topics with the students.

On April 30, 1990 in Utica, Illinois, Board Member Bill Forcade and Scientific and Technical Staff member Dr. Harish Rao attended an Air and Waste Management Association conference on the Clean Air Act, Permitting and Air Toxics.

On May 2nd and 3rd, a group of 14 Board Members, attorney assistants, and Scientific and Technical Staff toured a variety of facilities relating to Board activities in the Champaign and Douglas Counties area. The first stop on May 2nd was at the Urbana Yard Waste Composting Facility, where the group learned that the largest volume of yard waste is composed of brush and branches. Both are materials which are not compatible with composting and must be chipped. The group also visited the new Hazardous Waste Research and Information Center, and the Natural History Survey.

On May 3rd, the group went on a tour of agricultural systems sponsored by the Douglas County Farm Bureau. The tours were led by knowledgeable agribusinessmen who explained and answered questions about the land treatment system, the grain elevator, the fertilizer business, and the hog farm viewed by the Board group. Afterwards, the Bureau treated the Board group to a delicious home cooked lunch. Thanks, guys.

Scientific and Technical Staff members Dr. Harish Rao and LouAnn Burnett attended the Lake Calumet Area: Environmental Concerns Conference on May 8, 1990 held in Matteson, Illinois. LouAnn Burnett presented a paper on sediment toxicity in Lake Calumet.

Dr. Harish Rao also attended an Advisory Meeting of the Illinois Energy Conference Planning Committee to discuss presentation topics for this year's conference on May 11, 1990 at the University of Illinois, Chicago.

#### FINAL ACTIONS MAY 10, 1990 BOARD MEETING

- PCB 88-69     Scott Air Force Base v. IEPA - The Board accepted the Agency Recommendation and granted petitioner variance extension for its St. Clair County facility. Board Member J. D. Dumelle concurred.
- PCB 88-71     IEPA v. Allen Barry, et al. - The Board found respondent violated sections of the Act and Board water and agriculture related water pollution regulations at its Ogle County facility, and imposed a fine of \$10,000. Board Member J. Anderson concurred.
- PCB 89-162    IEPA v. Family Enterprises, Inc., an Illinois corporation, d/b/a Belletini's Grocery - The Board accepted the Settlement Agreement in which respondent admitted to past violations of the Act and Board air pollution regulations and agreed to pay a penalty of \$500 into the Environmental Trust Fund.
- PCB 90-35     Pollution Control Industries of America v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 90-36     H & L Disposal Company, Inc., v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 90-40     Waste Management of Illinois, Inc., v. IEPA - This matter was dismissed on petitioner's motion.

- PCB 90-96 Aero Services International, Inc., v. IEPA - The Board concurred with the Agency Recommendation and granted petitioner provisional variance from the Board's waste disposal regulations relating to 90-day on-site storage of hazardous wastes at its Sangamon County facility.
- PCB 90-97 American Nickeloid Co. v. IEPA - The Board concurred with the Agency Recommendation and granted petitioner provisional variance from the Board's waste disposal regulations relating to 90-day on-site storage of hazardous wastes at its LaSalle County facility.
- AC 89-18  
(Dockets A & B) St. Clair County v. J & R Landfill, Inc., an Illinois Corp. - The Board found respondent twice violated Section 21(p)(5) of the Act, imposed a fine of \$1,000, closed Docket A and ordered the County and Board to file statements of hearing costs with service upon respondent. J. D. Dumelle, M. Nardulli and J. Anderson dissented as to the findings of violation of Section 21(p)(5) of the Act on November 28, 1988, (Count A). J. T. Meyer, R. Flemal and B. Forcade dissented as to the finding of no violation of Section 21(p)(12) of the Act on December 1 and 2, 1988 (Counts B and D).
- AC 90-22 County of Will v. Waste Management of Illinois, Inc. - The Board found respondent violated Section 21(p)(12) of the Act and imposed a fine of \$500.
- AC 90-25 Jackson County v. Robert Ellis - The Board granted petitioner's motion to withdraw violations 2 and 4 of the Administrative Citation, found respondent violated Sections 21(q)(1) and 21(q)(3) of the Act and imposed a fine of \$1,000.

#### NEW CASES - MAY 10, 1990 BOARD MEETING

- PCB 90-59 Michael L. Christianson v. The American Milling Co. - Complainant alleges violations of the Act and Board noise pollution regulations at respondent's Tazewell/Peoria facility. Accepted for hearing.
- PCB 90-85 People of the State of Illinois v. George M. Eliopulus d/b/a Ellis Cleaners an involuntarily dissolved partnership - Complainant alleges violations of the Act and Board air pollution regulations at its Cook County facility.
- PCB 90-86 Container Corp. of America v IEPA - Petitioner seeks review of the Agency's denial of its application to renew the air operating permit for its DuPage County facility. Hearing authorized.
- PCB 90-87 People of the State of Illinois v. Jernberg Industries, Inc., a Delaware Corp. - Petitioner alleges violations of the Act and Board air pollution regulations at respondent's Cook County facility. Hearing mandatory.
- PCB 90-88 People of the State of Illinois v. Eldon Swedberg, d/b/a Eldon Swedberg Swine Farm - Complainant alleges violations of the Act and Board water pollution regulations at respondent's Tazewell County facility. Hearing mandatory.
- PCB 90-91 People of the State of Illinois v. General Electric Corp. a New York Corp. - Complainant alleges violations of the Act and Board air pollution regulations at respondent's DeKalb County facility. Hearing mandatory.
- PCB 90-92 People of the State of Illinois v. Lennon Wallpaper Co., a Delaware Corp. - Complainant alleges violations of the Act and Board air pollution regulations at respondent's Will County facility. Hearing mandatory.
- PCB 90-93 People of the State of Illinois v Magnaflux Corp., a Delaware Corp. - Complainant alleges violations of the Act and Board air pollution regulations at respondent's Cook County facility. Hearing mandatory.
- PCB 90-94 Horace File et al. v. D & L Landfill, et al. - Petitioner seeks review of the Bond County Board of Supervisors and the County of Bond denial of its application for site location approval for a regional pollution control facility in Bond County. Accepted for hearing.
- PCB 90-95 ESG Watts, Inc., v. IEPA - Petitioner seeks review of the Agency's denial of its permit application to construct and operate a hazardous waste/storage treatment facility in Rock Island County. Accepted for hearing.
- PCB 90-96 AERO Services International, Inc. L1671200044/Sangamon County v. IEPA - See Final Actions.
- PCB 90-97 American Nickeloid Co. L0990850007/La Salle County v. IEPA - See Final Actions.
- PCB 90-98 People of the State of Illinois v. Aggrecon Corp. an Iowa corporation, doing business in Illinois - Complainant alleges violations of the Act and air pollution regulations at respondent's Carroll County facility. Hearing mandatory.
