

ILLINOIS POLLUTION CONTROL BOARD
February 3, 1994

IN THE MATTER OF:)
)
PETITION OF GENERAL MOTORS) R93-13
CORPORATION TO AMEND) (Site Specific Rulemaking)
35 ILL. ADM. CODE 303.322)
(Site Specific Regulation for)
Fluoride))

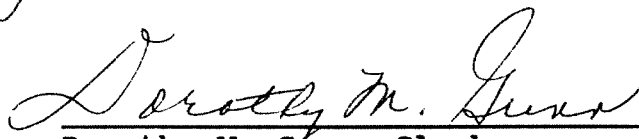

ORDER OF THE BOARD (by C.A. Manning):

This matter is before the Board pursuant to a Motion to Lift the Stay and Schedule Proceeding filed by the General Motors Corporation ("GM") on January 28, 1994. On June 23, 1993, GM filed a petition seeking site specific relief regarding the fluoride water quality standard in the receiving waters at its facility located in Danville, Illinois. By hearing officer order, the Board set this matter for hearing on December 7, 1993 in Danville. Pursuant to an uncontested motion to cancel hearing, on November 18, 1993, the Board stayed this matter for sixty days so the parties could determine whether additional relief would be necessary. According to the motion to lift the stay, "after additional review of the data and discussions with the Agency, it has become clear that further relief is not necessary"; GM wishes to go forward with the hearing at this time.

We hereby grant GM's Motion to Lift the Stay and Schedule Hearing. The hearing schedule shall be the subject of a future hearing officer order.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 3rd day of February, 1994, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
